

SUMMARY

Results-driven Business Analyst with 4 years of experience in the healthcare sector, specializing in business requirement gathering, analysis, and process modeling. Proficient in SQL for data services , with strong expertise in data visualization using Tableau and Power BI. Skilled in facilitating JAD sessions, conducting GAP and risk analyses, and creating comprehensive documentation including BRDs and FRDs. Experienced in UAT, ensuring optimal performance and reliability of healthcare applications.

EXPERIENCE

Cardinal Health, USA Business Analyst	October 23 - Current
- Facilitated Agile ceremonies to enhance project execution and foster collaboration among cross-functional healthcare teams, ensuring alignment on clinical and operational goals for timely delivery of milestones. - Developed and customized solutions using MS SharePoint scripting for healthcare applications, streamlining workflows and automating repetitive tasks to improve operational efficiency. - Designed and managed Tableau dashboards and reports to provide real-time insights into key healthcare performance indicators, empowering stakeholders to make informed, data-driven decisions. - Conducted Gap Analysis of existing healthcare processes to identify discrepancies between current practices and desired outcomes, implementing strategies to optimize patient care and operational efficiency.	
Humana, USA Business Analyst	January 23 - September 23
- Conducted data mining and analysis using SQL to extract valuable insights from healthcare data warehouses, supporting evidence-based decision-making. - Developed and designed Tableau dashboards to visualize key healthcare metrics, enhancing stakeholder understanding of performance trends and outcomes. - Utilized advanced Excel techniques for data analysis and reporting, ensuring accurate representation of healthcare data for stakeholders. - Facilitated requirement gathering sessions with stakeholders to identify needs and priorities, translating business requirements into actionable project plans. - Collaborated with cross-functional teams to optimize data warehousing processes, ensuring seamless access to accurate and timely healthcare information.	
Informative Web Solution, India Business Analyst	February 19 - July 21
- Applied Waterfall and SDLC methodologies for project execution, utilizing SQL for data mining and analysis to capture and define project needs effectively. - Developed comprehensive Business Requirement Documents (BRDs) and Use Case Specifications, ensuring thorough documentation of stakeholder requirements and scenarios. - Conducted detailed cost-benefit analyses to assess financial viability and ROI for proposed healthcare initiatives, supporting strategic decision-making. - Created and managed project plans using MS Project, outlining scope, timelines, and resource allocation to ensure timely project delivery and success. - Published dynamic reports and visualizations with Tableau and Power BI, crafting interactive dashboards that provided actionable insights for stakeholders. - Maintained a Requirements Traceability Matrix (RTM) using advanced Excel, ensuring alignment of software applications with business requirements throughout the project lifecycle.	

TECHNICAL SKILLS

Languages: Python, R, SQL, SAS

IDEs: Visual Studio Code, PyCharm, Jupyter Notebook

Packages: NumPy, Pandas, Matplotlib, SciPy, ggplot2, Scikit-Learn, PyTorch, TensorFlow, Keras, Spark

Visualization Tools: Tableau, Power BI, Microsoft Excel

Cloud Technologies: AWS, GCP Database: MySQL, SQL Server, Oracle, MongoDB

Software/Other Skills: Jira, Data Cleaning, Data Wrangling, Critical Thinking, Presentation Skills, Problem-Solving, Decision-Making, EDA, Communication Skills, Databricks, Data Visualization, Predictive Analytics, Pattern Recognition, JMP, Data Integrity, Quantitative Data, Data Science, Statistics, Statistical Analysis, Data Analytics, Data Modeling, Big Query, Snowflake, Data Extraction, Data Loading, Data Mining, Data Reporting, Data Transformation, Alteryx

Operating Systems: Windows, Linux

EDUCATION

Masters of Science in **Computer Science** | Loyola Marymount University, Los Angeles, CA

Bachelor of Computer Engineering | Gandhinagar Institute of Technology, Gujarat
