

DEEPTI SAMEERA

Senior RPA & AI Engineer

(917) 624-4851

deepthisameeravc@gmail.com

Summary

Highly skilled Business Analyst with 5 years of professional experience in Robotic Process Automation (RPA), .NET, and various web-based applications. Expertise in process automation, requirements analysis, and end-to-end SDLC development. Proven ability to improve business efficiency through automation and optimization using UiPath and Microsoft Power Platform. Strong communication skills and adept at liaising with stakeholders to deliver innovative solutions in Banking, Finance, Insurance, Pharma, and Manufacturing sectors.

Skills

- **Technical Skills:** RPA (UiPath, Power Automate), .NET Framework (C#, VB.NET, ASP.NET), SQL, Power Apps, PowerShell, Angular, HTML5, CSS3, JavaScript, jQuery, WCF, MVC, JSON, AJAX
- **Business Analysis:** Requirements gathering, process documentation, process improvement, stakeholder management, user acceptance testing (UAT)
- **Project Management:** Agile methodologies, SDLC, version control (GitLab, TFS, SVN), change management
- **Tools & Technologies:** MS Power Platform, Office365, ABBYY Flex Capture, Alteryx, Power BI, Jira, Confluence, ServiceNow, Orchestrator

Professional Experience

Senior RPA & AI Engineer | EisnerAmper, NJ

(Feb 2022– Feb 2023)

- Architected and optimized manual business processes for the Hospitality and Retail industries, achieving significant efficiency gains.
- Developed internal FAQ Chat BOT using MS Power Virtual Agent and received top feedback from clients.
- Created comprehensive documentation (PDD, SDD, user guides) and maintained RPA process pipelines.
- Automated key processes using UiPath and Power Automate, including time entry and engagement processes.
- Upgraded and maintained UiPath applications, ensuring seamless transitions and minimal disruptions.

RPA Analyst | Watts Water Technologies, MA

(Jul 2021 – Dec 2021)

- Designed and implemented automation solutions using UiPath, resulting in 20% cost savings.
 - Collaborated with global stakeholders to document and optimize business processes.
 - Utilized PDF OCR and Excel Activities in UiPath to automate invoice and purchase order processing.
 - Leveraged ABBYY Flex Capture to handle diverse invoice formats and ensure accurate data extraction.
 - Maintained and troubleshooted RPA environments, ensuring smooth operations.
-

RPA Analyst | Merck, NJ**(Dec 2020 – Jul 2021)**

- Led the full lifecycle of RPA solutions, from identifying opportunities to deployment.
- Automated data transfer processes, improving data handling efficiency.
- Specialized in Excel, PDF activities, and email automation within UiPath.
- Monitored and resolved issues in the studio environment using Orchestrator.

Software Engineer | Met Life, NJ**(Jan 2015 – Dec 2016)**

- Liaised with business users and documented requirements.
- Managed data integration processes for asset-liability management using SQL and VB.NET.
- Developed database-driven applications and improved batch processing scripts by 80%.
- Provided end-to-end system support and enhancements, ensuring robust performance.

Software Engineer | JP Morgan Chase, NJ**(Sep 2013 – Jul 2014)**

- Responsible for entire SDLC.
- Developed security-related applications using C#, jQuery, AJAX, and SQL Server.
- Created and maintained WCF Services, improving application performance and security.

RPA Analyst | UiPath Boot Camp**(Jul 2020 – Nov 2020)**

- Completed multiple projects including RE-framework, data scraping, SQL automation, and screen scraping using UiPath.
- Demonstrated expertise in orchestrator queues and transaction handling.

Angular Developer | Angular Boot Camp**(May 2018 – Jun 2018)**

- Developed an e-commerce application using Angular 5, enhancing user experience and functionality.

Maternity Break**(Jan 2017 – Jun 2020)**

Education

- **Bachelor of Technology (B. Tech)**, Acharya Nagarjuna University, India

Certifications

- **RPA Certifications:** UiPath Developer Foundation, RPA Business Analysis Fundamentals, SAP Automation, SS&C Blue Prism RPA Professional Certificate, Power Automate Essential Training (LinkedIn)
- **Other Certifications:** IBM Design Thinking Practitioner, Workiva Data Management Suite, Power Apps-Complete Guide to MS power Apps (Udemy)

Publications & Contributions

- Authored multiple articles on RPA and AI integration, contributing to the company's knowledge base and enhancing professional credibility.
 - Published case studies on the application of AI in process automation.
-
