Professional Summary

Highly motivated Java Developer with over 4 years of experience in designing, developing, and maintaining enterprise-grade applications. Proficient in Java EE, Spring Boot, REST/SOAP APIs, and SQL databases. Skilled in Agile methodologies, debugging, and problem-solving. Passionate about building efficient, scalable solutions and contributing to high-performance teams.

Core Skills

- Java EE, Spring Boot, Hibernate, SQL
- REST & SOAP Web Services, Microservices
- Unit Testing & Mocking Frameworks (JUnit, Mockito)
- Version Control: Git, Bitbucket
- Databases: PostgreSQL, MySQL, MongoDB
- Frontend: HTML5, CSS, JavaScript, TypeScript, React
- Cloud: GCP, AWS, Firebase, Docker, Kubernetes
- Agile & Continuous Integration (CI/CD), Jira
- OOP, Clean Code and Software Architecture.
- Problem-solving & Analytical Thinking

Professional Experience

Software Engineer | ESPOTECH SOLUTION HUB | Jan 2023 – Present

- Collaborated with product teams to design MVPs that validated business ideas quickly and effectively.
- Architected backend with Java Spring Boot and PostgreSQL, supporting user registration, admin verification, and institutional lookup.

- Developed a Flutter mobile app integrated with Firebase Authentication and secured API communication.
- Applied AI tools for code optimization, UX writing, and architectural planning.

Java Developer | SOFTNET FIBER CONSULT | May 2021 – August 2025

- Designed and implemented backend services for a ride-hailing application using Java Spring Boot and PostgreSQL.
- Developed REST APIs for authentication, ride requests, and payments.
- Integrated Google Maps APIs for geocoding and route optimization.
- Used Git and GitHub for version control and team collaboration.
- Applied Agile practices with iterative feature development.

Software Developer | PATTERN CRAFT | March 2019 – April 2021

- Built and maintained web applications using JavaScript, React, and MySQL.
- Collaborated with clients to gather requirements and deliver solutions.
- Implemented authentication, reporting, and dashboard features.
- Conducted unit testing and debugging to ensure reliability and performance.

Education

BSc Computer Science
University of Energy and Natural Resources, Ghana
2014-2018

Certifications

- Kubernetes and Cloud Native Associate (KCNA) — The Linux Foundation
- Java Programming Fundamentals — Universidad Galileo

Additional

- Passionate about DevOps, open-source contributions, and cloud-native architecture.
- Available for relocation or remote work opportunities.
- Strong communication, teamwork, problem-solving, and leadership skills.
