Louisville, KY | +1 682-406-7329 | devarshvora45@gmail.com | linkedin.com/in/devarshvora | [Portfolio Website](#)

Data Analyst with 2+ years of experience and Master's in Computer Science, skilled in SQL, Python, and Tableau for analytics, ETL, and visualization. Proficient in delivering insights, predictive modeling, and data governance to drive impactful decisions.

Professional Experience

Data Analyst, CyberdomeUSA – Indiana, USA **Aug 2025 – Present**

- Analyzed and cleaned large datasets using SQL and Python to improve overall data quality, accuracy, and accessibility, ensuring all stakeholders had reliable information for business reporting and advanced analysis.
- Built and maintained interactive dashboards in Tableau and Power BI to effectively visualize trends, track KPIs, and present insights in a clear and actionable way that fully supported timely and informed business decisions.

Data & Analytics Assistant, University of Texas at Arlington – Texas, USA **July 2024 – May 2025**

- Managed participation and engagement datasets with Excel and SQL, systematically organizing attendance records, tracking event metrics, and uncovering deeper patterns that informed ongoing workshop and podcast program improvements.
- Designed Tableau dashboards and automated workflow trackers through Trello and Asana integrations, simulating basic ETL pipelines and developing Python scripts to clean datasets and deliver actionable insights for internal stakeholders.

Business Intelligence Intern, Quintessence Knowledge Services – Gujarat, India **Feb 2023 – Jun 2023**

- Conducted market research and developed data-driven strategies, increasing engagement by 15%. Analyzed large datasets using SQL and Python to generate insights for customer segmentation and behavioral trends.
- Developed automated reports and interactive dashboards using SQL and Tableau to enhance actionable insights. Crafted KPI tracking systems to assess performance and presented findings to stakeholders for data-driven decision-making.

Technical Lead, Creative Sapiens LLP – Ahmedabad, India **April 2022 – Jan 2023**

- Led data-driven enhancements for a SaaS-based employment platform, improving analytical insights. Conducted data analysis to identify hiring trends, optimize recommendations, and reduce candidate mismatch by 25%.
- Led the end-to-end development of the platform, optimizing database queries, reducing response time by 30%.

Projects

[Inventory & Supply Chain Dashboard](#) | Power BI, Power Query, DAX, KPI Monitoring *July 2025*

- Developed an end-to-end Power BI dashboard for tracking key supply chain and inventory KPIs like stock turnover and lead times, enabling data-driven decisions to enhance procurement and logistics efficiency.

[Seismic Data Dashboard & Reporting](#) | Power BI, Azure Synapse, Python, SQL *Apr 2025*

- Created interactive Power BI dashboards using enriched earthquake datasets from Azure Synapse, enabling stakeholders to analyze seismic patterns, regional risk distribution, historical trends, and actionable insights efficiently.

[Retail Sales Dashboard](#) | Power BI, DAX, Power Query, Sales Forecasting, Map Visuals *Feb 2025*

- Developed an interactive Power BI dashboard for a US retail store, effectively visualizing sales trends by zone, category, and year, while implementing a 15-day forecast using Power BI's model and DAX on 2 years of historical data.

[ETL Weather Data Pipeline](#) | Python, Apache Airflow, Pandas, PostgreSQL, AWS, Docker *Dec 2024*

- Built an ETL pipeline for weather data processing using Python and Pandas, automating extraction, transformation, and loading operations. Improved efficiency by 40%, enabling real-time analytics and data-driven forecasting.

Skills Summary

- **Programming:** Python, SQL, R, Java, Scala
- **Data Engineering & Management:** ETL, Data Pipelines, Data Warehousing, Data Cleaning, Data Transformation
- **Statistical & Predictive Analysis:** Hypothesis Testing, Regression Analysis, Time Series Forecasting, Clustering, A/B Testing
- **Data Visualization & Business Intelligence:** Tableau, Power BI, Looker, Matplotlib, Seaborn, Dashboard Development
- **Database & Query Optimization:** SQL, MySQL, PostgreSQL, Microsoft SQL Server, Query Performance Tuning
- **Experimentation & Data Governance:** Data Quality Management, Data Lineage, Metadata Management, Data Compliance

Education

The University of Texas at Arlington, MS in Computer Science **Aug 2023 – May 2025**

- **GPA:** 3.83/4.0 ([Transcript](#))

Gujarat Technological University, India, BS in Information and Communication Technology **Aug 2019 – May 2023**

- **GPA:** 8.04/10.0 ([Transcript](#))
