

PROFESSIONAL SUMMARY

Result-driven **Data Analyst** with 3 years of experience designing cloud-based analytics solutions using **Azure Data Factory**, **SQL Server**, **Power BI**, and **Python**. Expertise in **ETL automation**, **data modeling**, **data warehousing**, and **real-time dashboarding**. Adept in handling large datasets, optimizing **T-SQL queries**, building **predictive models**, and automating reporting pipelines using **Python (Pandas, NumPy)**. Strong experience in both **AWS** and **Azure** platforms with a proven record of improving data accuracy, scalability, and performance. Certified AWS Cloud Practitioner.

TECHNICAL SKILLS

Cloud Platforms: Microsoft Azure (Data Factory, Synapse, Data Lake, Storage), AWS (Cloud Practitioner)
ETL s Data Engineering: Azure Data Factory, SQL Server Integration Services (SSIS), Data Warehousing, Data Cleansing
Databases: SQL Server, T-SQL, MySQL, PL/SQL, Azure SQL Database
Programming Languages: Python (Pandas, NumPy), C++, Bash
BI s Analytics Tools: Power BI (DAX, M Query), Tableau, Excel, SAP BO, Crystal Reports
Data Concepts: Data Modeling (Star/Snowflake), Data Pipelines, Data Quality, Data Governance, Predictive Analytics, KPI Reporting
Tools s Utilities: Git, Jupyter Notebook, Visual Studio Code, ServiceNow, Jira, Confluence
Soft Skills: Cross-Functional Collaboration, Stakeholder Management, Problem Solving, Agile Communication

PROFESSIONAL EXPERIENCE

Azure Data Analyst

NYU Langone Health - New York, NY
Jan 2025 - Present

- Built and managed **Azure Data Factory pipelines** for clinical ETL workflows, reducing manual processing by 40%.
- Integrated **Azure Synapse** and **Data Lake Storage** for scalable analytics and real-time query execution.
- Developed interactive **Power BI dashboards** using **DAX**, **M Query**, and custom visuals to support executive reporting.
- Automated data preparation using **Python (Pandas, NumPy)**, improving processing accuracy by 98%.
- Created and optimized complex **T-SQL queries** and stored procedures on **Azure SQL Database**, cutting load times by 35%.
- Maintained HIPAA-compliant data models and governed access across Azure environments.
- Used **Jupyter**, **Git**, **VS Code**, **Jira**, and **ServiceNow** for scripting, version control, issue resolution, and sprint tracking.

Data Analyst - Reporting s BI

Accenture - Hyderabad, India
Aug 2021 - Dec 2022

- Developed SQL-based ETL workflows using **MySQL**, **PL/SQL**, and **Azure Data Factory**, enhancing accuracy and reducing errors by 30%.
- Created and maintained 20+ reports in **Power BI**, **Crystal Reports**, and **SAP Business Objects**, aligning with business KPIs.
- Automated report generation through **Python scripting**, reducing manual efforts by 25%.
- Worked with **star and snowflake schema models** for efficient data warehouse reporting.
- Collaborated using **Jira**, maintained documentation in **Confluence**, and managed service tickets via **ServiceNow**.

Data Analyst Intern

Dentsu - India
May 2019 - May 2020

- Supported senior analysts in developing and validating **SQL** scripts for enterprise system migrations.
- Built initial dashboards in **Power BI** and **Excel** for internal metrics.
- Assisted in cleaning and auditing raw data using **Python**, improving data quality by 20%.

EDUCATION

Saint Louis University, St. Louis, MO
M.S. in Information Systems | GPA: 3.73 / 4.0
Jan 2023 - Dec 2024
Jawaharlal Nehru Technological University, India
B.Tech in Electronics s Communication Engineering | GPA: 3.3 / 4.0
2016 - 2020

CERTIFICATIONS

- AWS Certified Cloud Practitioner** (Valid through Dec 2027)
- Microsoft Certified: Azure Fundamentals (AZ-900)**
