EDUCATION

Master of Public Health, University of New Haven
(Epidemiology, Health Informatics)
Bachelor of Pharmacy, Mumbai University

August 2023 – May 2025 | CT, USA

June 2020 – May 2023 | Mumbai, India

WORK EXPERIENCE

Yale University, YCCI Clinical Research Intern

July 2025- Present

- **Reviewed participant ePayments in OnCore**, identifying budget errors in the financial console, and collaborated with study teams to confirm card issuance status, ensuring accurate payment tracking.
- **Coordinated W-9 tax form collection** for participants exceeding the \$600 threshold, supported PDDF regulatory compliance tasks, and **initiating W-9 automation efforts** to streamline collection processes across study teams.
- **Strengthened technical proficiency in Oracle SQL** while enhancing understanding of clinical research payment workflows, financial reconciliation, and regulatory compliance.

Orange Health Department, Public Health Intern

February 2025 – May 2025

- Enhanced disease surveillance processes using the Maven system, improving the accuracy and efficiency of infectious disease monitoring and response by **30%**, enabling faster and effective public health interventions.
- Authored TB screening policies for the Orange Board of Education, ensuring **100% compliance** with public health regulations and improving procedures for **5,000+ teachers**.
- Conducted multiple **health chats** specifically for geriatrics and **co-authored** an article in the Milford-Orange Times, based on a survey, to engage the community and support public health initiatives.
- Developed skills in data analysis, policy creation, and community engagement, supporting public health programs that positively impacted **thousands** in the community.

Michelle's House SCDAA, collaboration with **Yale Center for Analytics**, Healthcare Data Analyst Intern May 2024 – Aug 2024

- Managed a HIPAA-compliant database of over **100,000 Sickle Cell Disease patients**, improving data accuracy by **15%** through ICD-10-CM coding and utilizing tools like R, SPSS, and Excel for data analysis.
- Collected, cleaned, and analyzed healthcare data to identify health equity trends, leading to a **25% increase** in advocacy efforts and improved policy formulation.
- Built expertise in data management, predictive analytics, and health equity analysis, leading to **improved resource allocation by 25%** and influencing **policy changes** that enhanced care for SCD patients.

RESEARCH PROJECT

Development and Evaluation of Pharmaceutical Dosage Form in Combination with Two Antifungal Drugs for Invasive Candidiasis and Invasive Aspergillosis

June 2022 – May 2023

- Investigated antifungal medications through platforms like ScienceDirect and PubMed, uncovering insights to advance pharmaceutical research.
- Spearheaded a team of three in pre-formulation studies, utilizing UV spectroscopy, DSC, and FTIR to enhance formulation precision by **20%**.
- Engineered a novel pharmaceutical dosage form, optimizing antifungal efficacy, pH balance, and viscosity, achieving a **30% improvement** in stability and performance.

CERTIFICATIONS

Advocacy Training, Connecticut Department of Public Health, West Haven, CT
NIDA Clinical Trials Network – Good Clinical Practice

February 2024
March 2025

LICENSES

Registered Pharmacist, Maharashtra State Pharmacy Council, Mumbai, India

POSTER PRESENTATION

3rd Place - Indian Pharmaceutical Association-MSB-Students' Forum

- Presented a poster on the "Nasal Spray Drug Delivery System for COVID-19 by Bharat Biotech," comparing the nasal spray with current intramuscular vaccines.

SKILLS

- **Administrative Skills:** Project management, report writing, policy creation, healthcare administration, compliance, cross-team collaboration, payment tracking, W-9 coordination
- **Technical:** R, STATA, SPSS, Excel, Microsoft 365, Data Visualization, Power BI, Oracle SQL, OnCore
- **Healthcare:** Biostatistics, Data Analysis, Public Health Research, HIPAA Compliance, Epidemiology, Health Informatics
- **Pharmaceutical:** Regulatory Affairs, Drug Formulation, Instrumental Methods (U.V Spectroscopy, DSC, FTIR)
