

DIVYA DILIP GHORUI

Lawrence, KS | 217-305-1909 | divyadghorui@gmail.com | linkedin.com/in/divyaghorui

PROFESSIONAL SUMMARY

Results-driven Data Engineer & BI Professional with 4+ years of experience in data analysis, ETL pipeline development, BI solutions, and cloud-based data engineering. Proven track record in building scalable Python & SQL workflows, deploying machine learning solutions, and delivering executive dashboards that improved reporting efficiency by 30–40%. Skilled in Python (Pandas, NumPy, PySpark), SQL, R, Tableau, Power BI, and cloud platforms (AWS, Azure, GCP, Snowflake, BigQuery). Experienced across healthcare, financial, and enterprise domains, with a reputation for bridging technical expertise with business strategy to drive measurable outcomes.

CORE SKILLS

- Programming & Data Engineering: Python (Pandas, NumPy, PySpark, APIs, Automation), SQL, R, Shell Scripting, ETL/ELT Pipelines
- Machine Learning & AI: Predictive Modeling, Statistical Analysis, Scikit-learn, TensorFlow, PyTorch, LLM Data Integration
- Business Intelligence & Visualization: Tableau, Power BI, Looker Studio, KPI Dashboards, Data Storytelling, Reporting Automation
- Cloud & Databases: SQL Server, Snowflake, BigQuery, AWS (S3, Redshift, Athena, QuickSight), Azure (Synapse, Power BI Service), GCP (BigQuery, Looker), MongoDB
- Other Tools: Data Governance, Workflow Automation, Git, Excel (PivotTables, Macros)

PROFESSIONAL EXPERIENCE

Data Analyst | KeelWorks Foundation, USA

Jul 2024 – Present

- Built and deployed a Master Data Management (MDM) system handling 20M+ insurance records, improving data accuracy by 35% and ensuring compliance.
- Automated SQL/Python ETL workflows, reducing data migration time by 30%.
- Supported AI/LLM initiatives by integrating datasets, increasing policy recommendation accuracy by 25%.

Senior Consultant | Business Intelligence Group, USA

Aug 2023 – Dec 2023

- Designed and implemented a loyalty analytics platform for a Fortune 500 client, improving customer retention by 25%.
- Conducted competitive intelligence analysis on loyalty programs, driving 17% higher engagement.
- Delivered real-time BI dashboards to executives, accelerating decision-making.

Data & Information Analyst | Phoenix Technologies, India

May 2019 – Jul 2022

- Engineered Python & SQL-based ETL pipelines, cutting reporting cycle times by 40%.
- Designed and deployed 20+ Tableau/Power BI dashboards for healthcare and financial clients.
- Implemented data quality frameworks, reducing reporting discrepancies by 30%.

EDUCATION

- **M. S. in Information Management** – University of Illinois Urbana - Champaign | 2022–2024 | GPA: 3.71/4.0
- **B. E. in Electronics & Telecommunication** – St. Francis Institute of Technology, India | 2018–2022 | GPA: 9.02/10

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation – 2025
- Google Analytics Certification – 2025

- Python for Everybody Specialization – 2020
