EDUCATION

Stony Brook University College of Engineering and Applied Sciences, Stony Brook, NY 2021-2025

Bachelor of Science in Information Systems with a Specialization in Health Informatics, Minor in Health, Medicine, and Society

Relevant Coursework: Data Structures; Database Design and Practice; Python-Fintech with AI & Cloud;

Computer Security; Project Management; Introduction to Networking; Fundamentals of IT; Health Economics

Bronx High School of Science, Bronx, NY 2017-2021

CERTIFICATIONS

Google Data Analytics Professional Certification by Google on Coursera July 2024

SQL: A Practical Introduction for Querying Databases by IBM on Coursera July 2024

PROFESSIONAL EXPERIENCE

Hackensack Meridian Health, Edison, NJ

Occupational Health Data Analyst Aug 2025-Present

- Built an end-to-end hazard assessment data collection, reporting, and dashboard system for the Team Safety department; delivered PDF outputs and evaluated alternative solutions for long-term viability.

Data Specialist Nov 2024-Aug 2025

- Integrated BigQuery/Google Sheets through Looker API while creating and maintaining interactive dashboards for daily network safety huddle meetings, covering metrics such as team member injuries, clinic visit volume, COVID/Flu reporting, and NRC patient satisfaction.
- Scheduled scripts using Javascript and Google Apps Script to automate uploads serving as data sources powering Looker dashboards.

Data Team Intern June 2024-Nov 2024

- Created reports using SQL queries within Cority (EHS system) such as fit test compliance, internal/external clinic visit volume, and clinic visit activity metrics used by internal employees (case managers, billing, etc.) for data and compliance monitoring.
- Utilized Google sheets to calculate monthly DART and TRC rates of different hospitals using OSHA work related injury data; created pivot tables to summarize OneLink data and create OSHA 300 logs to identify safety trends and for federal reporting and compliance.

Flushing Primary Care, Fresh Meadows, NY 2020-2021

- Systematically organized patient files while accurately transferring paper based patient records to an electronic health record system.

ACADEMIC PROJECTS

Stony Brook University, Stony Brook, NY

- Database Design: Developed a comprehensive relational database system using data from Youtube API to transform into a user-friendly MS Access application; Implemented advanced SQL queries to perform in depth analysis about videos, likes, views, subscribers, etc.
- Project Management: Used Jira and Confluence for product roadmap, sprint planning, daily scrums, and sprint retrospective to manage the redesign of the Microsoft website redesign by enhancing user experience, accessibility, visual consistency and site performance.

Bronx Science Research Program, Bronx, NY

- Used JASP, a statistical software program to conduct data analysis and present quantitative research for a 15 page research paper describing the effect of Job Passion in relation to Occupational Attainment and Depressive symptoms with the assistance of a mentor.

LEADERSHIP/VOLUNTEER EXPERIENCE

Alpha Sigma Alpha Sorority, Zeta Iota Chapter at Stony Brook University

Education Director Dec 2025-May 2025

- Coordinated educational programming for 35 women through biweekly chapter education, bonding meetings/events, and ceremonies.

Executive Board Member: Chapter's Accountability Director Dec 2023-Dec 2024

- Organized/documentated disciplinary meetings for members who violated chapter bylaws/policies while assigning educational sanctions.

Car Chairman May 2023-Dec 2023

- Used Google Sheets to organize rides by scheduling driver rotations and developing a budget to manage funds for gas reimbursements.

Inter Fraternity Sorority Council Representative Dec 2022-May 2023

- Attended weekly meetings to communicate and relay information between the council and chapter while maintaining IFSC policies.

Member Nov 2022-May 2025

- Contributed 60+ volunteer hours supporting/donating to organizations such as B+ Foundation, Special Olympics, and Girls on the Run.

Competitive Dancer on Stony Brook Taandava (Indian Classical Dance Team) Oct 2022-May 2025

- 2024-2025 Lead: team placed 1st and 2nd in two Origins (intercollegiate championship) bid competitions and ranked 9th nationally.

ADDITIONAL INFORMATION

Technical Skills: Python, SQL; proficient in Microsoft Office Suite (MS Access, Word, Powerpoint Excel, Power BI); proficient in Google Workspace (Docs, Sheets, Looker, Apps Script); Data Analysis; Data Visualization; EMR Utilization; HIPAA

Languages: English, Telugu (Basic Proficiency), Tamil (Basic Proficiency)
