Portfolio: <https://dmwiggins.github.io>

Junior Software Developer with experience in HTML, CSS, JavaScript, SQL Server, T-SQL, Telerik Report Designer, and Agile development. Passionate about building efficient, user-focused systems and providing actionable user feedback that improves software usability. Strong critical thinking skills, diligent, and collaborative. Seeking to grow technical expertise while contributing to an innovative development team.

SKILLS

- Passionate about mastering how programs work and how to improve them
- Builds responsive, mobile-first websites using CSS Grid and Bootstrap.
- Meticulous with ability to spot errors that others often overlook
- Significant team contributor who has a genuine respect for others
- Maintains composure and prioritizes tasks to achieve results under pressure
- Adept at organizing processes and workflow while respecting those established by others
- Consistently displays a positive and cooperative attitude

EXPERIENCE

RECORDSFORCE

JUNIOR DATA ENGINEER (OCTOBER 2024 – FEBRUARY 2025)

- Developed and optimized reports using T-SQL and Telerik Report Designer
- Conducted system testing, documented and tracked bugs using Azure DevOps
- Authored and maintained accessible, user-friendly documentation including the official user manual
- Led client onboarding and training on all PACE5 functionalities
- Provided feedback to enhance usability and consistency, making systems more intuitive
- Actively contributed to Agile development by collaborating in Scrum process, daily stand-ups and assisted product owner with prioritization of SPRINT items

PACE5/MADWHACK TRAINING, TESTING AND DOCUMENTATION LEAD (JANUARY 2023 – OCTOBER 2024)

- Same responsibilities as listed under Junior Data Engineer but with a larger percentage of time spent on creating the PACE5 User Manuals and Testing.

PAPER OPERATIONS (JUNE 2021 – DECEMBER 2022)

- Organized and prepared documents for scanning
- Recipient of performance bonus multiple months for speed

DATA ENTRY ANNUAL PROJECT TRAINER, SUBJECT MATTER EXPERT (OCTOBER 2020 – FEBRUARY 2024)

- Hired as temp for large seasonal data entry project and kept on permanently
- Consistently completed data entry of detailed financial records with above 99% accuracy
- Became trainer for data entry hires for same project for following 3 years
- Conducted remote training via zoom for potential candidates and administered final test to determine eligibility
- Assisted with editing and recording training videos

BANK OF AMERICA

FINANCIAL CENTER MANAGER (OCTOBER 2004 – DECEMBER 2019)

Managed daily operations and sales of the banking center including opening accounts, scheduling staff, and managing risk. Enforced strict adherence to compliance guidelines. Led team to achieve sales goals by using knowledge of products and services to make appropriate recommendations to customers while providing outstanding service. Worked with business partners to uncover additional sales opportunities. Mentored and coached associates to develop skills and advance their career.

DARDEN RESTAURANTS

RESTAURANT MANAGER (NOVEMBER 1997 – OCTOBER 2004)

Responsible for opening and closing of restaurant, handled guest complaints, scheduled approximately 40 employees, ordered food and liquor, met or exceeded sales targets, monitored and enforced sanitation and food handling safety requirements. Helped train new managers, servers, bartenders, hosts, and kitchen staff.

SERVER/TRAINER (MAY 1994 – NOVEMBER 1997)

Developed structured training program and trained new service staff. Was selected as a member of special team responsible for traveling to three new restaurant locations to train brand new staff and assist with grand openings.

EDUCATION

MARCH 2018

CERTIFICATE, FULL STACK WEB DEVELOPER, UNIVERSITY OF NEW HAMPSHIRE

Six-month intensive coding bootcamp. Coursework included HTML, CSS, JavaScript, Node, Express, SQL, MongoDB, Firebase and React.
