
BHUMI AMIN

Sparta, NJ 07871 | 862-384-5055 | bhumiamin2508@gmail.com

Summary

Certified Clinical Research and Health Informatics Professional with a strong foundation in medical data abstraction, EMR workflows, patient-centered care, and team coordination. Adept at leading clinic-based data initiatives, training healthcare staff, and ensuring adherence to documentation and coding standards. Proficient in EHR platforms, data validation, regulatory compliance, and patient interaction. Seeking to contribute to innovative, quality-focused care as a Lead Clinic Informatics Specialist.

SKILLS

- **Clinical data abstraction and review:** chart review, case abstraction, EMR data validation, discrepancy management, and data reconciliation
- **EMR and clinical systems:** proficient in EMR/EHR systems, data abstraction workflows, and familiarity with CRF and registry datasets
- **Regulatory compliance:** knowledge of GCP, HIPAA, FDA, ICH-GCP, privacy, and data security standards
- **Data Analysis & Reporting:** SQL, Python (Pandas, NumPy), Power BI, Tableau, query resolution, data listings generation.
- **Training and collaboration:** experience supporting data quality audits, providing feedback on data discrepancies, and collaborating with study teams
- Patient screening, consent, enrollment, and retention; phlebotomy (blood draws) and blood pressure measurement

Certifications

- Clinical Trials: Good Clinical Practice Specialization
- Microsoft Power BI Analyst
- IBM Data Analyst
- IBM Data Science
- Preparing Data for Analysis with Microsoft Excel
- Python for Data Science, AI & Development
- Homeopathic Physician
- Healthcare IT Support
- Medical Billing and Coding Fundamentals
- Pharmacy Technician Certification (CPhT)

Education

Rutgers School of Health Professions - Piscataway, NJ | Master of Science
Health Informatics, 05/2025

Hemchandracharya North Gujarat University - India | Bachelor of Science
Bachelor of Homeopathic Medicine and Surgery, 07/2019

Experience

CLINICAL RESEARCH SPECIALIST | 06/2025 - Current

GenZum Life Sciences - Los Angeles, California

- Support medical documentation and research protocols under the PI's direction.
- Assist in literature review and scientific data organization for study materials.
- Coordinate clinical site communication and compliance with GCP/IRB requirements.
- Track and analyze data to identify trends and support scientific responses.

DATA ENTRY PHARMACY TECHNICIAN | 06/2025 - Current

Shoprite Pharmacy - Newton, New Jersey

- Conducting data entry, quality checks, and reporting to support regulatory compliance, and pharmacy audits.
- Utilizing informatics tools and healthcare software systems to streamline operations and improve medication management processes.
- Educating patients on medication usage, side effects, and adherence, while maintaining confidentiality and professional standards.
- Collaborating with healthcare providers and interdisciplinary teams to ensure continuity of care and accurate transfer of medication information.
- Applying knowledge of health informatics and clinical workflows to enhance data accuracy, improve decision support, and support patient safety.

DATA ANALYST INTERN | 01/2022 - 07/2022

Lifeline Hospital - Vadodara, India

- Led documentation and abstraction for clinical encounters and trials.
- Managed EMR data for multiple departments, ensuring adherence to SOPs.
- Developed and reviewed clinical templates similar to SRLs and CRFs.
- Trained new clinical assistants in EMR usage, documentation standards, and patient data protocols.

PHYSICIAN ASSISTANT & CLINICAL DATA SUPPORT | 01/2021 - 12/2021

Lifeline Hospital - Vadodara, India

- Managed clinical data in EMR systems, ensuring data accuracy and consistency in alignment with GCP and privacy guidelines.
- Performed data reconciliation and supported documentation quality improvement initiatives for clinical teams.
- Conducted patient vital signs monitoring, including blood pressure, temperature, and oxygen saturation.
- Assisted in blood specimen collection, and ensured timely delivery to laboratories.
- Supported patient care coordination and ensured accurate, real-time clinical data entry for epidemiological tracking.
- Collaborated with physicians and healthcare teams to optimize patient treatment plans.

CLINICAL ASSISTANT – NICU & COVID UNIT | 12/2019 - 07/2020

Parul Institute of Medical Sciences & Research - Vadodara, Gujarat

- Documented feeding schedules, vitals, and interventions in pediatric EMR workflows.
- Participated in COVID patient data entry for epidemiological surveillance.
- Provided bedside patient support and ensured compliance with safety protocols.

MEDICAL OFFICER INTERN/DATA QUALITY SUPPORT | 07/2018 - 11/2019

Samarpan Hospital - Vadodara, Gujarat

- Managed patient medical records and optimized EMR documentation standards.
- Provided coding and referral support aligned with claim submissions.
- Assisted with patient screening and informed consent documentation.
