## PROJECTS

### PMMC, Charlotte, NC- RCM Firm

- Improved hiring efficiency by 25% by leading a SWOT analysis for a \$10M+ healthcare RCM firm in Charlotte, NC, focusing on recruitment and onboarding gaps.
- Increased retention potential by 20% through recommendations to implement structured interview guides and extend onboarding evaluations from 30 to 60 days. Strengthened HR strategy by proposing cybersecurity training modules and hybrid work models, enhancing talent acquisition and risk mitigation.

### Diabetes Risk Explorer Dashboard (SQL+Tableau)

- **SQL:** Extracted and cleaned data from 10,000+ patient records, using SELECT, WHERE, GROUP BY, and aggregate functions to summarize key metrics such as average glucose, BMI, and blood pressure by age group and gender. Removed duplicates and handled missing values to ensure accurate analysis.
- **Tableau:** Built a fully interactive dashboard with filters for age, gender, and BMI categories, trend line charts showing glucose levels over time, and heatmaps highlighting patients with higher risk scores.
- Demonstrated ability to perform end-to-end data analysis, from cleaning and aggregating data in SQL to visualizing insights in Tableau.

## CERTIFICATION
