

SWEEYA SPANDANA ALLA, PharmD, MSHI, CCDA®

Denton, TX | Contact: (940) 218-7154 | Sweeya.alla@gmail.com | www.linkedin.com/in/drsweeyaspandanaallas

PROFESSIONAL SUMMARY

Clinical Research Professional with a PharmD, MS in Health Informatics and certified CCDA®, offering 6 years in healthcare operations and clinical data. Expert in EHR systems, strong background in data coordination, monitoring, and GCP-compliant research operations. Experienced in CMS guidelines, eTMF systems and workflow optimization for value-based care. Focused on improving patient access, and driving efficiency with data-driven solutions.

CORE SKILLS AND COMPETENCIES

- Knowledge on Clinical Documentation & EHR (EPIC, REDCap, HL7, Vital Chart, RCM, CTMS)
- ICD-10 / CPT Coding | Medical Terminology | After-Visit Summaries | Medical record handling
- Research & Clinical Trials: Study Design, Literature Reviews, ADR Monitoring
- Patient Encounter Scribing | Preventive & Chronic Care Documentation
- HIPAA standards, GCP, IRB, eTMF systems
- Value-Based Care | Clinical Research | Population Health Data | Subject Screening and Recruitment
- Healthcare Analytics: Python, SQL, Tableau, SAS
- Microsoft Office (Word, Excel, PowerPoint, Outlook)

WORK EXPERIENCE

Clinical Research Data Coordinator II

Donato technologies, Dallas, TX | Feb 2025 – Present

- Developed and implemented monitoring tools such as visit checklists, monitoring plans, and deviation tracking logs to ensure high-quality oversight.
- Conducted operational support for multiple concurrent research protocols, ensuring compliance with GCP, HIPAA, and IRB requirements.
- Performed accurate entry and verification of clinical trial data using EDC systems (REDCap).
- Conducted on-site monitoring visits to ensure compliance with GCP, study protocols, and site SOPs.
- Generated and resolved data queries in compliance with GCP and protocol specifications.
- Reviewed essential documents (CRFs) for TMF compliance and supported CTMS in training site staff and coordinating recruitment strategies.

Clinical Research Specialist

University of North Texas, Denton, TX | Jan 2024 to Dec 2024

- Analyzed ICD-10 and CPT codes to identify ADR patterns in ADHD treatment, contributing to a 25% improvement in data accuracy for research reporting.
- Maintain accurate and timely case report forms (CRFs) and source documents, and ensure study protocol adherence and proper documentation of deviations.
- Manage data collection, data entry, and quality control procedures.
- Monitor adverse events and report them per protocol and regulatory guidelines.

Clinical Data Coordinator I

Dr S2 hospitals, India | Jan 2022 - Dec 2022

- Entered and verified clinical trial data from patient files and lab reports into paper CRFs and electronic systems in compliance with ICH-GCP and hospital SOPs.
- Conducted data entry for testing of data entry screens, providing critical data management support to the team.
- Generated and resolved data queries in collaboration with investigators and CRAs.
- Utilized clinical trial management systems (CTMS) and eTMF platforms for documentation, issue tracking, and site performance monitoring.

Clinical Data Coordinator

KIMS-Sunshine hospitals, Hyderabad, India | Jan 2021– Dec 2021

- Reviewed Case Report Form (CRF) data for precision and consistency, identifying and resolving data discrepancies efficiently.
- Facilitated patient enrollment into clinical systems, enhancing data collection efficiency and accuracy.
- Reduced data entry errors by training staff on EHR/EDC best practices.

- Supported phase I trial execution by managing datasets and clinical reports.

Clinical Pharmacist

KIMS-Sunshine hospitals, Hyderabad, India | Jun 2018 - Dec 2020

- Reviewed over 1,500 prescriptions, identifying and resolving medication errors in 8% of cases.
- Counseled patients on disease management and assisted physicians with diagnostic procedures.
- Reported ADRs and maintained comprehensive medical records.

EDUCATION

- **Master of Science – Health Informatics** (GPA: 3.9)
University of North Texas – Denton, TX | Jan 2023 – Dec 2024
- **Graduate Academic Certificate – Health Data Science**
University of North Texas – Denton, TX | Jan 2023 – Dec 2024
- **Doctor of Pharmacy (PharmD)** (GPA: 3.6)
Holy Mary Institute of Technology and Sciences – Hyderabad, India | Aug 2015 – Apr 2021

CERTIFICATIONS

- Certified Clinical Data Associate – SCDM
- Interprofessional healthcare informatics - University of Minnesota
- REDCap Advanced User Certification - Vanderbilt University
- Diagnosis coding using: ICD-10 CM - CMS
- Introduction to Clinical Data – Stanford university
- Digital Health, EHR/EMR Proficiency - Imperial College London
- GCP Certification - CITI program
- The Structured Query Language (SQL) - University of Colorado Boulder

ACADEMIC RESEARCH PROJECTS

- **Problem identification and motivational exploration – Diabetes mellitus | Jan 2024**
Collected the data from MEPS for the survey of Diabetes Mellitus with ICD-10 CM code E11*(Type 2 Diabetes Mellitus) and studied about the variables by using python and ML models.
- **Attention Deficit Hyperactivity Disorder and Related Adverse Drug Reactions: Insights from Post-Marketing Surveillance | Aug 2024**
Conducted a comprehensive analysis of pharmacological treatments for Attention Deficit Hyperactivity Disorder (ADHD), including identification of commonly prescribed medications, evaluation of their effectiveness, and assessment of associated adverse drug reactions (ADRs) by using PubMed and others database resources. Performed ICD-10 and CPT coding analysis to identify trends and patterns in adverse drug reactions (ADRs) associated with ADHD pharmacological treatments.
- **Telehealth-Based Alzheimer's Care in Elderly population | Jan 2023**
Designed a telehealth framework to support diagnosis, medication management, and caregiver education for Alzheimer's patients.
- **Prospective CKD Management Study | Jan 2021**
Led a 6-month observational study to improve treatment adherence in 125 in patients with chronic kidney disease.

ACHIEVEMENTS

- **Awarded**, SCC/MLA Conference Presentation (ADHD & Adverse Drug Reactions Study) - Dallas, TX
- **Recipient**, 2024 HealthLINE Travel Award (Excellence in Research & Professional Development)
- **Co-advisor**, Health Informatics Student Organization(HISO) – UNT, Denton, TX | 2023 - 2024
