Education

University of California, San Diego- B.S. Human Biology, 2024

- Honors: Provost Honors, McNair Scholar, Climate Action/Justice Scholar
-

Professional Experience

Program & Research Intern- JLab Audio | Jan 2024- Jun 2024

- Coordinated biweekly partner meetings, prepared reports, and presented findings to leadership and community stakeholders.
- Designed and managed participant-facing research tools (customer journey maps, diaries, and interviews) to improve user experience.
- Analyzed purchasing behavior data (100,000+ records) to identify marketing opportunities and optimize engagement campaigns.
- Produced and delivered a final presentation to JLab executives and entrepreneurial partners.

Innovation Intern- U.S. Department of Defense (I4NS Program) | Mar 2024- Jun 2024

- Conducted 100+ stakeholder and user interviews to refine problem statements and improve solution design.
- Coordinated across technical teams and leadership to deliver validated solutions under operational constraints.
- Applied design thinking and Lean Startup methods to prototype and iterate processes, presenting outcomes to executives.

Editor-in-Chief - Challenger Research Journal, UC San Diego | May 2023- May 2024

- Directed end-to-end publishing operations for Volumes 3-5; oversaw peer review, editing, formatting, and publication.
- Built and managed relationships with faculty, student authors, and librarians, expanding journal visibility and accessibility.
- Launched new participant engagement strategies (social media, newsletters, events), increasing journal readership and submissions.
- Advocated for underrepresented student researchers and fostered a collaborative, high-performing editorial team.

Undergraduate Research Assistant- Jacob's Retinal Center | Apr 2022- Jun 2023

- Maintained detailed data records and delivered updates in weekly meetings.
- Supported cross-functional teams with technical operations (cell culture, PCR, data analysis).
- Presented findings in lab and conference settings, strengthening communication of complex results to diverse audiences.

In-Home Supportive Services Provider | May 2024- July 2025

- Manage care schedules and coordinate daily support services to improve client well-being.
 - Developed strong organizational and problem-solving skills through responsive, personalized support.
-

Selected Leadership & Entrepreneurship Experience

- **Catalyx Program, Healthlink (2023–2024):** Designed solutions for healthcare industry challenges, validated business models, and pitched start-up concepts.
 - **UCSD Office of Innovation “I4X” Program (2023–2024):** Collaborated with peers to deliver prototypes for industry partners; conducted brand audits and marketing analyses.
 - **Ronald E. McNair Research Scholar (2023):** Managed independent research project on gene editing for rare eye diseases; presented results at academic conferences.
