 - Customer Profiling & Needs-Based Recommendations
 - Objection Handling & Negotiation Under Pressure
 - Upselling & Cross-Selling Techniques That Drive Revenue
 - Rapport Building & Trust-Based Selling
-

Work Experience

Home Depot – Frisco, TX

Sales Specialist

February 2024 – March 2025

Supported high-volume customer service and credit sales operations across multiple departments, with a focus on conversions and relationship-driven sales.

- Ranked in the **top 10% of the district** for lead generation and home service sales, including HVAC and installation packages.
- Helped drive department growth by **consistently exceeding sales targets** through tailored product recommendations and consultative selling.
- Opened the **highest volumes of credit card applications** in the store, especially among **contractor and small business clients**.
- Built trust with walk-in customers through deep product knowledge, **needs-based conversations**, and clear value communication.

BlueHammer Roofing – Frisco, TX

Sales and Lead Generation

September 2023 – February 2024

Worked directly with the sales team to generate leads, assist with consultations, and help close residential roofing deals in fast-paced neighborhoods.

- Generated over **40+ qualified leads** through door-to-door canvassing, cold outreach, and follow-ups — contributing directly to multiple closed contracts.
- Supported **on-site estimates totaling \$250K+** in potential project value, learning to present service packages and explain financing options to homeowners.
- Helped improve team close rate by preparing clients ahead of consultations with **value-based pre-selling strategies**.
- Played a key role in scheduling and project coordination, contributing to a **25% faster average project turnaround** through clear client communication.
- Learned to navigate homeowner objections, handle pricing concerns, and build rapport quickly to keep the pipeline moving.

Frisco ISD – Frisco, TX

Technology Support Intern

January 2023 – September 2023

- Provided technical support for faculty and students across multiple campuses.

- Troubleshooting hardware/software issues, installed equipment, and maintained classroom tech systems.
- Documented and resolved support tickets efficiently, improving turnaround time and customer satisfaction.
- Developed strong workplace communication skills while supporting non-technical users.

Sales-Focused Technical Skills

- Credit Card Sales Systems & POS
- CRM Tools (Basic)
- Microsoft Office & Google Workspace
- Customer Database Handling
- Troubleshooting (Windows, Chromebook, AV)
- Quoting & Project Estimating
- Inventory Systems & Checkout Software
