M.S: Industrial & Systems Engineering: 3.4, **BBA:** IS GPA: 4.0| SCM GPA: 3.7| Cumulative GPA: 3.7

Professional Summary

Supply Chain and Operations professional with 4+ years of experience in SAP-enabled production planning, integrated business planning, and consulting across manufacturing and energy sectors. Proven success leading cross-functional teams, aligning operations with business requirements, and driving Lean/Continuous Improvement. Skilled in SAP IBP, PPDS, APO, and Oracle Cloud with a strong foundation in analytics, reporting automation, and solution design. Recognized for client-facing communication, project leadership, and delivering measurable improvements in cost, efficiency, and compliance

EXPERIENCE

SLB (Schlumberger)- *Production planning Analyst*

Jun 2023-Present

- Lead end-to-end production planning in SAP for 400+ monthly work orders, ensuring material readiness, capacity planning, and compliance with SQDC (Safety, Quality, Delivery, Cost).
- Partner with engineering, procurement, and supply chain teams to resolve capacity/material constraints, reducing production delays by 25%.
- Designed and implemented SAP-driven backlog and reporting dashboards, improving visibility for executives and reducing reporting time by 35%.
- Prioritized \$2M+ in critical inventory through SAP planning tools, ensuring production continuity.
- Facilitated Kaizen and Lean workshops, improving scheduling efficiency and labor utilization.
- Supported compliance by ensuring SAP data integrity and adherence to EHS/quality standards.

General Electric (GE) Gas Power- *Manufacturing Intern*

Sept 2022- Dec 2022

- Applied SAP PPDS to standardize work layouts and documentation, reducing cycle times by **10%**.
- Developed a costing tool to improve material usage tracking (\$500K+).
- Documented Lean/5S layouts and supported SAP-driven scheduling improvements.

Kiewit, Ingleside Texas- *Quality Engineer Intern*

Jun 2022 - Aug 2022

- Conducted 50+ client inspections and managed quality documentation for 2,000+ parts across offshore module builds.
- Partnered with SAP quality management systems to track traceability and corrective action plans

TechnipFMC, Houston, Texas - *Information Digital Systems Intern*

Jun 2021 - Aug 2021

- Built Power BI dashboards integrated with SAP/Oracle data, improving operations reporting cycle time by 60%.
- Developed PowerApps workflows automating recurring cross-functional issues, enhancing efficiency across finance & supply chain.

Leadership and Involvement

SET (Schlumberger Empowerment Team) Lead

SLB | 2023 – Present

- Lead safety culture initiatives, creating training materials and driving engagement for 200+ employees.

ACTIVITIES

Aggie Toastmasters, Texas A&M University – *Secretary*

Spring 2022

- Managed communications and organized member engagement for a 50+ person organization, supporting leadership and fostering team collaboration.

SKILLS

SAP Systems: IBP, PPDS, APO, Quality Mgmt, Oracle Cloud

Planning & Analytics: Power BI, PowerApps, Advanced Excel, JMP

Process Excellence: Lean, 5S, Kaizen, Value Stream Mapping, Root Cause Analysis

Core Competencies: Supply Chain Planning, Production Scheduling, Cross-functional Leadership, Solution Design, Client Engagement
