EDUCATION

The University of Texas at Austin

Master of Science, Business Analytics

May 2025

Institute of Management Technology | Ghaziabad, India

Master of Business Administration, Marketing Management & Marketing Research and Analytics

March 2019

Madhav Institute of Technology and Science | Gwalior, India

Bachelor of Engineering, Computer Science

June 2017

TECHNICAL SKILLS

- Computer Languages: **Python** (Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch), **SQL, R**
- Tools: **Amazon QuickSight, Looker Studio (Google Data Studio)**, Microsoft Excel
- Platforms: **Meta Business Manager, Linked-in Ads Manager, Google Ads, Google Analytics, Google Tag Manager, Amazon DSP, DV360, Reddit Ads, Programmatic Advertising Platforms (DV 360, XANDR)**, SEMrush, Brandwatch, Synthesio, Sprinklr

EXPERIENCE

Datawrkz Business Solutions Pvt. Ltd - Bengaluru, India

Senior Manager – Product & Marketing Analytics

October 2023 - May 2024

- Led the end-to-end development of an internal-facing analytics product, defining roadmap, integrating DSP APIs, and **achieving 100% automation; reduced reporting time by 75% and cut costs by 90%**
- Built an auto-optimization tool using Marketing Mix Modeling to forecast channel performance, **reduce campaign analysis time by 70%**, and improve budget allocation efficiency

Manager - Product & Marketing Analytics

April 2021 - September 2023

- Led the development of an audience segmentation feature within the CDP using K-Means clustering, **reducing manual effort by 60%** and enabling product teams to deliver more precise targeting and scalable personalization
- Led experimentation strategy across multiple campaigns, guiding A/B testing on creative and audience variations, which drove a **12% lift in conversion rates**
- Led cross-regional strategy for 25+ clients across NA, APAC, and EMEA, delivering tailored data-driven media solutions that **contributed to 40% of annual recurring revenue**
- Led cross-functional collaboration to standardize workflows, **reducing human errors by over 50%** and improving reliability of campaign execution

Associate Manager - Marketing Analytics

February 2020 - March 2021

- Conducted end-to-end funnel analysis across CRM, CDP, and campaign data to uncover user drop-off points, driving optimizations that **improved ROAS by 23%** and informed targeting and engagement strategies
- Used SQL for data modeling on data warehouses to support weekly funnel performance analysis and Tableau dashboards; uncovered trends that **boosted client engagement by 20%** through improved data visibility and actionable insights
- Delivered data-backed marketing strategies as single point of contact, fostering strong client partnerships, **achieving 100% retention, and driving 2x budget growth** across key accounts

Genpact India Pvt. Ltd. - Bengaluru, India

Business Analyst

June 2019 - February 2020

- Led industry and market research project for a global pharmaceutical company to formulate product launch strategies
- Automated data analysis efforts, extracting insights from social media, YouTube, and blogs, **cutting analysis time by 20%**
- Transformed insights into compelling narratives through storyboarding, culminating in impactful presentations

DATA SCIENCE PROJECTS

- **Predictive Modeling and Feature Engineering:** Evaluated multiple machine learning algorithms (MLR, Bagging, Boosting) for Uber fare prediction, applying comprehensive feature engineering to determine the optimal model
- **NLP-Driven Text Analysis:** Developed a content-based beer recommendation system using SpaCy, VADER, and NLTK to analyze web-scraped reviews for personalized suggestions
