PROFESIONAL EXPERIENCE

IBERIABANK

Lafayette, LA

SPECIAL ASSETS MANAGEMENT ASSOCIATE

Jan. 2017-Present

Streamlined the charge-off and non-accrual process for the commercial and consumer-banking portfolio valued at 10+ Billion USD. Working in conjunction with multiple credit risk departments, we were able to effectively save our bank time and losses by improving and implementing new procedures. Worked directly with Director of Credit Risk and Executive Vice President-Special Assets.

- Created and maintained productivity reports through SAS and Everest database for consumer and business banking enabling departments to monitor productivity for 40+ recovery bankers
- Calculated and presented loan projection reports on monthly losses and recoveries for commercial and consumer banking
- Developed and launched improved loss mitigation procedures through collaboration with the Executive Vice President-Special Assets, as well as the loss mitigation and the business banking divisions
- Performed SOX compliance daily- Evaluated loan documentation and payment schedules to determine TDR status using AS/400

HISE EXPLORATION PARTNERS,

Lafayette, LA

ANALYST

May 2016-Jan. 2017

Delivered well-data reports for head of geology as part of the exploration team that used the recommendations provided to determine prospective drill sites.

- Effectively collaborated with a team of 15, including engineers and geologists to provide historical details critical to coordinating future drilling projects

SEECA MEDICAL FACILITIES

Houma, LA

PATIENT-FLOW COORDINATOR

Jan. 2015-Dec. 2015

Maintained operation of electronic medical records database and patient portal creating a completely paperless surgical facility.

- Worked alongside physicians and other medical professionals to ensure efficient operation of the office and clinic by directing activities/functions involving scheduling patients and surgical procedures
- Developed patient portals through SQL to improve client acquisition and enhance existing patient relationships
