EXPERIENCE

Senior Software Developer

May 2014 - August 2025

Custom Software Solutions, Princeton, WV

- Reduced the generation time for a crucial set of reports from taking 25 minutes per report to 5 minutes for the entire set of reports through SQL query optimizations.
- Achieved an 85% reduction in manual effort required for payroll tasks while increasing accuracy through feature redesigns.
- Designed and implemented a Tax Form subsystem to allow the users to efficiently store and audit tax forms filed within their customized application, such as W-2s and 1099s.
- Modernized legacy applications and refined database interactions to increase performance and feature extensibility.
- Utilized both UI/UX design and backend business logic to ensure an optimum user experience.
- Recognized for outstanding response times and effective resolutions, aligning with customer needs and project scopes.
- Deeply involved with the SDLC, from analysis to delivery and training.
- Designed, installed, and maintained various versions of MS SQL databases, ranging from versions 2000 to 2022.

Tax Specialist

Dec 2013 - Apr 2018 (Seasonal - Part Time)

H & R Block, Brushfork, WV

- Maintained up-to-date knowledge of federal, state, and local tax laws and regulations.
- Performed thorough reviews of completed returns to identify errors or discrepancies before submission.
- Developed and maintained strong relationships with key clients, resulting in an increase in repeat business.

EDUCATION

Bachelor of Science: Computer Science with Concentration in Programming

2009 - 2013

Bluefield State University, Bluefield, WV
