## PROFESSIONAL PROFILE

PMP certified with 10 years of professional experience, including over 7 years of project/program management leading IT transformations, SaaS product delivery, and enterprise digital initiatives.

## CORE SKILLS

**Project & Program Leadership:** Agile & Scrum Methodologies, Program Governance, Change Management, Portfolio & Roadmap Planning, Risk Mitigation, Budgeting & ROI Modeling, Stakeholder Engagement

**Digital Transformation & IT Delivery:** ERP (SAP ECC/S4HANA), Cloud Migration (AWS, Azure), CI/CD & DevOps, System Integration, Infrastructure Modernization

**Product & SaaS Delivery:** SaaS & Mobile App Development, Agile Coaching, Product Lifecycle Management, JIRA, Confluence, Figma, Zapier, Notion, Cross-Functional Team Leadership

**Analytics & Decision Support:** KPI Tracking, Business Transformation, Data-Driven Decision Making, Business Case Development, UAT & QA Testing, Operational Efficiency, Tableau/PowerBI Exposure

## CERTIFICATIONS

Project Management Professional (PMP) – **Credential ID: 4178977**

AWS Certified Solutions Architect Associate - **Credential ID: WW362S4C91V414WF**

AWS Certified Cloud Practitioner - **Credential ID: XVLYZ5CKEEQ1QWQ**

## PROFESSIONAL EXPERIENCE

### Kraft Heinz (Contractor)

#### Engineering Project Manager

01/2025 - Present

- Led a comprehensive operational audit of **8 dessert production lines** to identify raw material waste, sensor disruptions, and downtime drivers resulting in a detailed business case highlighting over **\$1.5M in potential annual savings** through targeted dust collection improvements
- Developed and quantified an ROI model to justify a **\$175K capital investment** in enhanced dust control systems, estimating a **171% return and payback period under 7 months**
- Partnered with finance to model downtime costs across shifts, **identifying \$286K+ in preventable annual losses** through labor and utility analysis
- Scoped and proposed capital improvements including **photoeye sensor protection, upgraded vacuum infrastructure, and machine enclosure retrofits**, addressing product quality, safety, and production throughput
- Collaborated with plant leadership and cross-functional teams (engineering, maintenance, QA, and production) to validate **process improvement** hypotheses and align capital strategy with operational performance goals

**Tools Used:** Microsoft O365, SAP ECC, ServiceNow, ProjectNow, 4Site, Microsoft Excel

### The Happy Camper (Contractor)

#### Lead Technical Project Manager

01/2025 – 04/2025

- Directed full **Agile development** lifecycle across **7 sprints** for a mobile MVP covering insurance, vehicle, and trip management
- Led **cross-functional collaboration** across Texas, California, Portugal, and Ghana, aligning efforts between **Engineering, Product, UI/UX**, and executive stakeholders (**CEO/CFO**)
- Delivered core features including **secure login, policy upload, vehicle dashboard**, and **CRM-style admin panel** with **automated workflows** and **Slack integration**
- Managed **JIRA** workflows, conducted **Figma** reviews, and tested **no-code integrations** with **Zapier**; supported **app store submission** and **UAT handover**
- Adapted scope dynamically due to **client-side API/backend constraints**, achieving **~80% functional delivery** and full sign-off on key modules
- Documented deviations in **post-handoff summary** and ensured full **infrastructure setup** and **knowledge transfer** under **SLA-compliant** conditions

**Tools Used:** Atlassian JIRA, Notion, Slack, Zapier, Figma, Microsoft Excel, Google Workplace

## AgentsNetwork.io (Contractor)

### Senior Project Manager

06/2023 – 11/2024

- Orchestrated **end-to-end project delivery** of a real estate referral MVP, leading **cross-functional** teams across product, engineering, and design. Resulting in a **\$500K** projected annual revenue
- Established program governance framework and delivery roadmap, **reducing time-to-market by 30%** via feature prioritization and portfolio resource management
- Developed comprehensive **stakeholder engagement strategy**, ensuring alignment between business objectives and program delivery, resulting in **\$200K cost optimization**
- Implemented **agile project management practices** across development teams, improving productivity by 96% and ensuring consistent delivery quality
- Led strategic planning sessions with leadership to define program vision, objectives, and success metrics, resulting in **88% increase in user engagement**

**Tools Used:** Atlassian JIRA, Slack, Zapier, Airtable, Notion, Google Workplace, Microsoft Excel

## EY

### Senior Solutions Architect

04/2021 – 06/2023

- Modernized IT infrastructure for a Fortune 100 pharma client, **integrating CI/CD pipelines** that increased DevOps efficiency by **80%** and project delivery by **95%**, generating **\$2M annual savings**
- Designed a document management Information Architecture, **saving 500k** in enhancing **data driven decision-making**, collaboration efficiency across **20+ workstreams** for **COVID-19** pill production by **85%**
- Led scrum ceremonies, streamlining sprint executions focusing on **sprint planning, backlog refinement, retrospectives, and project tracking** reducing project delays by **75%**
- Developed an 18-month priority-based **cloud monitoring roadmap**, accelerating a networking and hardware customers goals by **25%** positioning their observability ecosystem to industry leading and **saving \$1M in operational cost**
- Consolidated a gold-copy repository for a nation ranked healthcare provider, reducing application redundancy by **45%** and boosting operational efficiency and satisfaction, **saving \$750K** in annual maintenance costs

**Tools Used:** Atlassian JIRA, Atlassian Confluence, Microsoft O365 Suite, Microsoft Excel, ServiceNow, Jenkins, SonarQube, Black Duck, AWS, Microsoft Azure, Kubernetes, Terraform, Tableau, PowerBI

## Hitachi Vantara

### Senior Solutions Consultant II

07/2017 - 04/2021

- Spearheaded the transformation of **SAP ECC Module upgrade** to a new AMS hosting provider for an aerospace customer, enhancing system transaction performance and stability by **40%**, saving **\$1.2M annually**
- Led **change management** and **security compliance** efforts with **SAP GRC** team, **reducing audit findings by 90%** through **SOD risk analysis** and safeguarding against regulatory fines
- Enhanced project migration tracking efficiency by **95%** with comprehensive UAT testing and stakeholder engagement, using JIRA to report on key KPIs for an aerospace customer, **improving on-time delivery by 65%** and **saving \$300K** in project costs
- Achieved a **93% reduction** in IT migration-related issues for a F500 food processing customer by **streamlining communications** with distributed teams and leadership during weekly PC domain migrations, **saving \$400K** in downtime costs
- Designed a **future-state architectural diagram** solutioning **3rd party apps and interfaces** for a petrochemical customers **SAP integration**, improving customer operations and interoperability by **98%** and saving **\$850K** annually
- Delivered **SAP Total Cost of Ownership (TCO)** analysis, **improving budget allocation** accuracy by **88%** for long-term IT planning

**Tools Used:** SAP S/4Hanna, SAP Fiori, SAP ERP EhP8, SAP Portal, Atlassian JIRA, Active Directory, Microsoft Exchange Server, Microsoft O365, Dameware, Tableau, PowerBI, Microsoft Excel

## General Motors Financial

### Funding Analyst

11/2015 - 07/2017

## EDUCATION

### Bachelor of Business Administration – B.B.A

08/2010 - 05/2015

Global Supply Chain Management  
Texas Tech University  
Lubbock, Texas
