(+1) 516-270-5935 | fztuaiian@gmail.com | Great Neck, NY, 11021

Education

Fordham University

Degree: Master of Science in Data Science

Bronx, New York

Aug 2021 – Aug 2022

University of Illinois at Urbana-Champaign

Degree: Bachelor of Science in Computer Science

Urbana, Illinois

Sept 2016 – Dec 2019

Work Experience

WuXi AppTec

Business Data Analyst

Shanghai, China

Oct 2022 – Aug 2024

- Leveraged SQL, Python, Power BI and DAX to analyze business data and generate reports, optimizing pricing, purchase orders, and staff efficiency from multiple perspectives. Presented data-driven insights to group leaders during various meetings.
- Identified business constraints, monitored KPIs, proposed actionable solutions, and supported operations through interactive BI dashboards and comprehensive data analysis. Successfully achieved a 30% reduction in specific cost expenditure within one quarter by implementing effective data analysis and project management strategies.

Jyah Asset Management Co., Ltd.

Data System Administrator

Shanghai, China

Apr 2020 – May 2021

- Queried and generated reports using SQL from company investment record databases in specified formats, and automated reports uploads to regulatory authority by Python.
- Monitored data systems within the OA and trading platforms. Provided coordination and support for data querying tasks requested by colleagues and government agencies.

Internship Experience

PerkinElmer, Inc.

Statistician, Intern

Shanghai, China

Oct 2021 – Jan 2022

- Collaborated with hospitals to conduct prenatal screening analysis using clinical data; utilized SAS and SQL to create comprehensive analysis reports including statistical summaries, clinical plots, and detailed insights over various time periods.
- Adjusted parameters of MoM (Multiple of Median) functions within diverse risk models using SAS, facilitating precise prediction and validation of disease risk levels across timeframes for multiple hospitals.

Skills and Languages

- Skills: Python/ SQL/ R/ SAS/ Power BI/ DAX/ Tableau/ VBA/ Project Management
- Courses: Data Science/ Machine Learning/ Linear Algebra/ Statistics/ Algorithms/ Data Structure/ Blockchain / Probability/ Data Visualization
- Certificates: SAS Base Certificate, Fund Qualification Certificate
- Language: Fluent Mandarin in working
