Software Engineer | Full-Stack Developer | .NET, Cloud & Microservices Specialist

SUMMARY

Software Engineer with over 5 years of experience delivering cloud-native and full-stack solutions using Java, .NET Core, and modern web frameworks. Specialized in developing secure and scalable microservices in healthcare and telecom sectors. Skilled in Agile methodologies and DevOps practices, with a strong focus on code quality, accessibility, and continuous improvement.

TECHNICAL SKILLS

- Languages:** Java, C#, C++, C, Python, PHP, JavaScript, TypeScript, HTML, CSS, Bash, PowerShell
- Frameworks:** Spring Boot, ASP.NET Core, MVC, Windows Forms, .NET 5+/6+, Entity Framework, ADO.NET, LINQ, Hibernate, JPA, Node.js (Express)
- Frontend:** Angular, React.js, Bootstrap, jQuery
- Databases:** PostgreSQL, MySQL, SQL Server, Oracle, MongoDB, Couchbase, Redis
- Cloud Platforms:** AWS (EC2, S3, RDS, Lambda, API Gateway, IAM, SQS, SNS), Azure Functions, Azure DevOps
- DevOps Tools:** Docker, Kubernetes, Terraform, Jenkins, GitHub Actions, GitLab CI/CD, Bitbucket Pipelines, Argo CD, Nginx, Apache
- Testing:** JUnit, Mockito, Selenium, Cypress, Postman
- Web/WordPress:** Gutenberg, ACF, WPML, SEO (Yoast, Rank Math)
- Messaging Systems:** Apache Kafka, RabbitMQ
- Security:** OAuth 2.0, OpenID Connect, JWT, WCAG 2.1
- Tools:** Git, GitHub, GitLab, Bitbucket, Jira, Confluence, Azure Boards

EXPERIENCE

Software Engineer

HCL Technologies | Jan 2024 – Present

United state

- Delivered a scalable microservices architecture for healthcare data by building RESTful APIs using Spring Boot and Java
- Ensured HIPAA-compliant data transmission by implementing secure authentication using OAuth 2.0 and OpenID Connect
- Improved application availability by deploying services on AWS with EC2, S3, and Lambda
- Enhanced developer workflows and consistency by containerizing applications with Docker and orchestrating with Kubernetes
- Enabled real-time data processing between healthcare modules by integrating Apache Kafka pipelines
- Boosted database performance for high-volume systems by tuning PostgreSQL queries and indexing strategies
- Strengthened accessibility and compliance posture by conducting WCAG 2.1 audits and remediations
- Drove sprint execution and team alignment by collaborating in Agile ceremonies using Jira and Confluence

Associate Software Engineer

Accenture (Client: Comcast) | Jul 2020 – Aug 2022

India

- Improved service reliability by building .NET Core microservices for Comcast’s customer support portal
- Enabled efficient communication between billing modules by engineering RabbitMQ-based messaging workflows
- Modernized legacy systems by decomposing monolithic applications into microservices architecture
- Reduced deployment risks by creating CI/CD pipelines with Azure DevOps for seamless integration and release
- Secured customer portals by developing JWT-based authentication and authorization middleware
- Increased maintainability of backend systems by refactoring core C# logic and reducing code complexity
- Supported front-end teams by delivering React-integrated APIs and coordinating shared feature rollouts

Software Engineer

Wipro | Jul 2018 – May 2020

India

- Built end-to-end web applications using Java Spring Boot and Angular to support internal business tools
- Designed and normalized SQL schemas to improve query performance for MySQL and PostgreSQL databases
- Accelerated data access in user-facing apps by integrating Redis caching strategies

- Customized client websites by developing WordPress themes using PHP and ACF
 - Standardized development environments by creating Docker-based containers for local and QA use
 - Validated API reliability through structured testing using Postman and JUnit
 - Contributed to incident response by assisting senior engineers in identifying and resolving production issues
 - Documented project specifications to facilitate onboarding and internal knowledge sharing
-

EDUCATION

Master of Science

University of North Texas | 2022–2023

Bachelor of Technology in Computer Science

GITAM University | 2016–2020

CERTIFICATIONS

- Certified Scrum Master (CSM)
