

T. GRANT LEONARD

kiwi.t.grant@gmail.com

07353 263486

SKILLS

- Certified in python
- Extensive experience working with Java in eclipse/visual studio/intellij, C in the text editor nano, and MySQL
- Experience working with C# in Unity
- Experience working on frontend and fullstack web development using Javascript, HTML, CSS, React.js, and Node.js in visual studio along with MongoDB
- Experience with web development using wordpress both alone and combined with a React Frontend
- Designed several projects for personal use in both python and Java
- Extensive experience with data modeling and statistical analysis in R
- Experience working with AI and doing ML and NLP
- Experience working with using SCADA software such as ignition and doing python scripting in ignition
- Completed online course for CCNA

EDUCATION

BSc Computer Science

University of North Carolina At Asheville, 2020 - 2024

- Earned a B.S in Computer Science
- Taken several courses in java, C, linux, SQL, data structures and algorithms, AI, software

engineering, and web design

- Designed software for managing a university using AGILE methodology and MySQL along with Java Spring
- Designed a chatbot using python NLP libraries as well as a neural network built with Tensorflow
- Designed an Othello bot using a negamax algorithm with alpha-beta pruning
- Completed courses in game design, designing 2D platformers in Unity using C

EXPERIENCE

Tutor | Logiscool

July 2025-

- Currently tutoring students of a wide age range from 6-17 in python and block programming programming
-
- I help students from the ground up go from zero knowledge of coding to building applications in python
- Liase with management to produce lesson plans and strategies
- Provide feedback to parents

Web Developer | Leonard Websites

October 2024-

- Currently self-employed running my own web design business
- My latest project can be found at <https://beautiful-stage.surge.sh>

Automation Engineer Intern | Pratt and Whitney

June 2023 - August 2023

- Worked to implement industry 4.0 techniques using ignition
- Implemented and optimized python scripts inside ignition for polling PLCs and displaying data pulled from a SQL database
- Authored stored procedures in SQL for part tracking pre and post process
- Built excel spreadsheets to track machine connectivity.
- Performed network audits utilizing Veracity.
- Configured and troubleshooted networking for machinery on production floor.
- Implemented Kiosk mode in Windows 10

Tutor | Varsity Tutors

August 2022- June 2024

- Worked as a tutor for computer science majors and python tutor
- Tutoring students in java and python

- Tutor fundamentals of coding such as control flow, functions, loops, and fundamentals of OOP
- Tutor general topics as well, such as binary, memory storage, hexadecimal, and networking topics such as TCP vs. UDP and SSL certificate management
- Successfully led multiple students to earn As from Cs or Ds

Contractor | Brightside Bamboo

June 2022 - July 2022

- Removed and planted bamboo across the state
- Delegated tasks and implemented organizational strategies to accomplish goals in a timely and efficient manner
- Drove company truck and maintained supplies

VOLUNTEER EXPERIENCE OR LEADERSHIP

Volunteer at R2R

- Local interfaith/community charity focused on community support and outreach
- Help organize and oversee events, fundraisers, and manage IT
- Currently helping to redo their website

Founding member and senior officer of CodeHeads

- *Weekly meeting of programming enthusiasts*
- *Discuss relevant topics, such as ChatGPT*
- *Organize LeetCode challenges outside of meetings*
- *Hold seminars and presentations given by industry experts*
- *Study current technologies, such as Kubernetes and Docker*

Founding member and senior officer of Cyber Sentinels

- *Group of students dedicated to learning networking, information security, and command-line scripting for ethical hacking*
- *Designing a virtual pen-testing environment*
- *Working collaboratively on challenges through sites such as hackthebox and overthewire's wargames*
- *Working as a club to earn relevant certifications, such as CCNA and network plus*

Volunteering

- *Significant experience as an Eagle Scout*
- *Worked on projects from trash cleanups to food banks to building parking lots for charities*

- *Served as senior patrol leader as well as chapter chief of local Order of The Arrow chapter*
- *Extensive volunteer experience as a college student, volunteering with several clubs on campus such as feeding the homeless club, sustainability club, and local gardening societies*
- *Volunteered as an assistant teacher for SEND education at a local primary school while in university*
- *Currently volunteering for a local charity focused on providing workshops and resources to the local community*
