EDUCATION

Princeton University

May 2025

A.B. Economics

GPA: 3.4

Relevant Coursework: Statistics and Data Analysis for Economics, Financial Investments, Corporate Finance and Financial Institutions, Econometrics, Intermediate Macroeconomics, Intermediate Microeconomics, Linear Algebra with Applications, Multivariable Calculus, Calculus

INDEPENDENT RESEARCH

Senior Thesis: *Tracing the US Child Tax Credit: Unpacking the Reach of Fiscal Support* Sept. 2024 - Apr. 2025

- Conducted data analysis and debugging in R using the 2022 ACS dataset with 14,000,000 observations across 33 variables to assess the impact of fiscal support from the US Child Tax Credit in a 55 page thesis
- Created 17 data visualizations, maps, and tables aimed at expressing changes in the reach of financial support with parameter changes in US Child Tax Credit Policy

Junior Independent Work: *Exploring the Link Between Digital Asset Price and Social Media* Sept. 2023 - Apr. 2024

- Engaged in digital asset market research to write a 30 page independent research paper on digital asset pricing and its observed fluctuations in the context of social media parameters
- Designed statistical models as part of data analysis across 63,000 digital assets with approximately 260,000 unique posts to examine any possible relationships

DATA EXPERIENCE

Product Operations Intern, NJEDA, Trenton, NJ

May 2024 - Aug. 2024

- Completed legal reviews and background checks on entities (corporations, LLCs, individuals, trusts, etc) as per NJEDA guidelines for the Net Operating Losses and Angel Tax Credit programs to ensure validity
- Maintained current data of dozens of financial documents, excel sheets, and files as per legal guidelines in addition to processing legal reviews with respect to the entities above

Data Visualization Course Assistant, Princeton University, Princeton, NJ

Jun. 2022 - Aug. 2022

- Instructed a small cohort of 15 students in basic statistics including regression methods and how to implement them across multiple projects in data visualization via RStudio
- Managed the construction as well as editing of Powerpoints and assisted in teaching how to format data reports along with current data visualization philosophy

LEADERSHIP EXPERIENCE

Secretary, University Student Government, Princeton, NJ

Feb. 2022 - Jan. 2023

- Co-managed a group of 15 students for an hour weekly in planning more vegetarian food options for students, the organization of school-wide events, and reducing waste around Princeton campus
- Coordinated with local caterers and managed a budget for the Eco-Festival, a large-scale campus wide event

ACTIVITIES

- Business Ops. Princeternship, Scholars of Finance, Business Today, Tiger Investments, Entrepreneurship Club
- SYMPOH Urban Arts Crew, The Daily Princetonian, Scholars Institute Fellows Program

SKILLS
