EDUCATION	
UNIVERSITY OF CENTRAL FLORIDA	
Bachelor of Science, Industrial Engineering and Management Systems UCF GPA: 3.8	May 2025

PROFESSIONAL EXPERIENCE	
ORLANDO UTILITIES COMMISSION (Orlando, FL)	
SUPPLY CHAIN INTERN	May 2024 – Present
- Participated in the project of reorganization of items in stock performing analysis reclassification of over 70K items of OUC following the company guidelines. - Reclassified items in OUC warehouses based on category codes; correcting classification errors to ensure accurate inventory management and reporting. - Enhanced efficiency in inventory management and procurement processes by analyzing and aligning all inventory classifications with organizational standards and practices. - Accurately updated unit of measure (UOM) for all relevant items in the inventory from OUC. Prevented all errors and inefficiencies in inventory management caused by incorrect UOMs and aligned with supplier guidelines to facilitate smoother procurement and stocking processes. - Used Excel tools like pivot tables and VLOOKUP to analyze inventory data and find errors. Developed detailed reports to guide reclassification and UOM updates, ensuring data accuracy and consistency across all 70K+ inventory items. This effort reduced processing errors, simplified procurement processes, and improved reporting accuracy for decision-making.	

UNIVERSITY OF CENTRAL FLORIDA (Orlando, FL)	
UTA – UNDERGRADUATE TEACHING ASSISTANT	Aug 2023 – May 2024, Jan 2025 – May 2025
- Worked with Dr. Fernando Santos in the STA3032 Probability and Statistics class to meet course objectives and support over 100 students. - Held office hours to answer questions, clarify course material, and assist students with assignments. - Graded assignments and quizzes, ensuring timely feedback for students. - Assisted in preparing review materials to help students succeed in exams. - Provided one-on-one support to students, improving their understanding of key statistical concepts and contributing to higher average exam scores for the class.	

BRAZILIAN STUDENT ASSOCIATION (Orlando, FL)	
EVENT PLANNING ANALYST	July 2023 – May 2025
- Created and organized events coordinating all stages of event planning and execution. - Managed event budgets, ensuring optimal allocation of resources while adhering to financial constraints. - Handled event logistics by setting schedules, and communicating with vendors to make sure everything ran smoothly. - Assisted in interviewing candidates for analyst positions. - Planned and organized successful events by working with vendors, managing budgets, and making sure everything was on schedule. This led to higher attendance, and helped keep costs within the budget.
