SUMMARY

I'm a dedicated IT support professional with hands-on experience in troubleshooting software issues, assisting users, and ensuring smooth system operations. I take pride in being a reliable team member who communicates clearly, adapts quickly to new tools, and focuses on practical solutions. My approach is proactive and detail-oriented, with a strong commitment to continuous learning and delivering dependable support in every situation. I'm looking to grow within the tech industry and contribute meaningfully to a team that values efficiency and innovation
