Alpharetta, GA | (470) 399-2161 | hanna.chmkd@gmail.com | www.linkedin.com/in/hanna-ch/

Profile

Detail-oriented biotechnology graduate with certification in SQL and Tableau, passionate about analytics and healthcare data management. Using my self-taught knowledge from SQL and Tableau and aptitude to analyze data, seeking an opportunity to grow within the field of data analytics while gaining hands-on experience in a professional setting.

Skills

- Data Analysis
- Tableau
- SQL
- Microsoft Office
- Biostatistics Basics
- Clinical Data Management

Education

M.SC. BIOTECHNOLOGY | 2019 | BHARATHIAR UNIVERSITY, INDIA

B.SC. BIOTECHNOLOGY | 2017 | UNIVERSITY OF CALICUT, INDIA

Experience

LABORATORY INTERN - MOLECULAR BIOLOGY PROJECT ON RECOMBINANT TAQ POLYMERASE PRODUCTION

Sreedhar Bhat's Laboratory | Bengaluru, Karnataka, India (2019)

- Recorded and analyzed data during enzyme purification processes, including SDS-PAGE and PCR result interpretation.
- Performed quantitative assays and validated results from recombinant protein expression experiments.
- Strengthened skills in scientific data organization, reporting, and critical analysis of lab-based findings.

RESEARCH INTERN - ENVIRONMENTAL TECHNOLOGY

Integrated Rural Technology Centre | Mundur, Kerala, India (2018)

- Collected and analyzed data from water quality tests (pH, TDS, turbidity, microbial count) to assess treatment efficiency.
- Interpreted field data from biogas plants, composting systems, and aquaculture setups for sustainability evaluation.
- Gained initial exposure to data management and compliance documentation relevant to regulatory practices.

Certifications

- Data Science for Everyone (DataCamp)
- Introduction to SQL (DataCamp)
- Introduction to Tableau (DataCamp)
- Clinical Data Management (Udemy)
