Description

I have completed my studies as B. Tech in Computer Science and Engineering and bootcamp in Cybersecurity. I consider myself experienced in programming languages such as Java, Python, C, and C++. I have also knowledge in SQL, Microsoft Office, and Network Concepts. Currently I am looking for a better job as per my qualification and temporarily doing a warehouse job. If I do not get the opportunity to prove my abilities, how can I be valuable for this position. I wish that you take kind considerable and favorable action. Thank You.
