

Harshini Sanga

(571) 306-1966 | sangaharshini98@gmail.com | [LinkedIn](#)

SUMMARY

Experienced Data Analyst in transforming complex datasets into actionable insights to support business objectives. Proficient in SQL, Python, Excel, Alteryx, Tableau, Power BI and cloud-based analytics (Azure, AWS, GCP). Adept at building automated ETL data pipelines, performing root cause & predictive analysis, and developing dashboards to make data-driven decisions.

PROFESSIONAL EXPERIENCE

Elanco

Apr 2024 - Present

Data Analyst

USA

- Analyzed large volumes of product sales data using SQL and SSIS to identify trends in treatment utilization and cost drivers.
- Built automated reporting pipelines using Azure Data Factory to track livestock product inventory and reduced manual effort by 60% for monthly sales insights.
- Conducted root cause & quantitative analysis using Python scripts, automated data cleansing workflows, improving 40% data accuracy.
- Designed and maintained scalable ETL/ELT pipelines to ingest, process, and store data efficiently.
- Cleaned and validated large datasets using Alteryx, reducing processing errors by 40%.
- Performed A/B testing and statistical analysis with Python and R to optimize veterinary product messaging strategies.
- Developed Tableau dashboards to visualize data accuracy KPIs, product trends, and performance metrics, leading to improved decision-making and enhanced data-driven strategies.

HCA Healthcare

Jan 2023 - Mar 2024

Business Data Analyst

USA

- Extracted and analyzed healthcare claims and financial data using SQL and SAS to identify cost drivers, leading to actionable insights for reducing operational expenses.
- Developed HIPAA-compliant data pipelines to securely process healthcare data, improving accuracy for patient care reports.
- Cleaned and structured large datasets using Python & MS Excel Power Query, improving data quality by 20%.
- Monitored ETL job statuses and performance using Jenkins via automation, ensuring timely resolution, reducing processing delays.
- Created Power BI visualizations to present cost-saving opportunities, facilitating informed decision-making and strategic planning.
- Utilized AWS Athena and S3 to integrate structured and semi-structured patient experience data for analytics, enhancing data accessibility and supporting comprehensive analysis.
- Analyzed Salesforce data to identify performance KPIs related to customer acquisitions, leading to improved acquisition strategies.

CGI Inc.

Jan 2020 - Jul 2021

Associate Data Analyst

India

- Improved SQL-based ETL pipelines across financial datasets, enhancing performance and reducing processing time by 35%.
- Developed Power BI and Tableau dashboards to visualize key business metrics for stakeholders.
- Worked with AWS Glue and S3 to process and store large datasets, improving accessibility for analytics teams.
- Used Python (Pandas, NumPy) for automation of data wrangling tasks, achieving 40% of time savings.
- Built Excel-based performance scorecards using advanced formulas, Power Query, and conditional logic.
- Implemented GitHub-based version control workflows for SQL, Python, and dashboard codebases.

TECHNICAL SKILLS

- **Programming Languages:** SQL, NoSQL, R, SAS, DAX, SSIS, Python (Pandas, NumPy, Scikit-learn, Seaborn, Matplotlib)
- **Data Visualization & BI Tools:** Tableau, Power BI, Looker, Excel (Pivot Tables, Power Query, VBA), AWS QuickSight, Qlik
- **Databases & Cloud Technologies:** MySQL, PostgreSQL, SQL Server, MongoDB, Azure (SQL, Synapse, Data Factory), AWS (Redshift, S3), GCP, Snowflake
- **Data Engineering & ETL Tools:** Apache Airflow, AWS Glue, dbt, ADF, Databricks, PySpark, Hadoop, Alteryx, Kafka, SSIS
- **CI/CD Version Control & Collaboration:** Git, GitHub, Bitbucket, Jenkins, Docker, JIRA, Confluence, Agile
- **Other Tools & Platforms:** Salesforce, SAP, Veeva CRM, REST API, Jupyter Notebooks, VS Code, MS Word, Powerpoint
- **Competencies:** Data Governance, KPI Optimization, Data Modeling, ETL/ELT, Metadata Management, Machine Learning Models, Forecasting, KPI tracking, Oracle Cloud ERP, A/B Testing

EDUCATION

Wright State University

Aug 2021 - Apr 2023

Master of Science, Computer Science

Dayton, Ohio

CERTIFICATIONS

- [AWS Certified Solutions Architect - Associate](#)
- [Introduction to Generative AI with AWS](#)
