PROFESSIONAL SUMMARY

Experienced with data processing and analysis, ensuring accurate and efficient data management. Utilizes advanced techniques to streamline data workflows and improve data quality across projects. Knowledge of database systems, data cleaning processes, and data visualization tools to drive informed decision-making.

SKILLS

- Tools/Software:
 - Microsoft Excel (PivotTables, VLOOKUP, Reconciliation), Microsoft Office Suite, Google Workspace, SharePoint
- Other Skills:
 - Data Entry, Document Management, Transaction Reconciliation, File Organization, Workflow Tracking
- Soft Skills:
 - Detail-Oriented, Time Management, Self-Motivated, Team Collaboration, High Confidentiality

WORK HISTORY

DATA PROCESSING ANALYST (CONTRACT) 05/2024 to Current Master Card, Saint Louis, MO

- Validated and processed high volumes of financial documents daily, ensuring 100% accuracy and compliance with internal controls.
- Developed and maintained organized folder structures for digital files, improving document retrieval time by 30%.
- Worked cross-functionally with compliance and operations teams to resolve documentation issues and ensure timely file uploads.
- Created Excel templates to automate tracking of LOAs and reduce manual entry errors.
- Tracked and updated client authorization statuses, maintaining audit-ready records for internal and external reviews.
- Participated in weekly stand-up meetings with team leads to report progress and discuss backlog management.
- Reviewed and flagged discrepancies in alternative investment data for escalation to the quality assurance team.
- Contributed to process documentation and SOP creation for data workflows, ensuring smooth onboarding for new analysts.
- Used conditional formatting and data validation in Excel to flag outliers and reduce reconciliation time by 40%.

DATA ANALYST 05/2020 to 07/2022

High Radius, India

- Produced monthly reports using advanced Excel spreadsheet functions.
 - Created various Excel documents to assist with pulling metrics data and presenting information to stakeholders for concise explanations of best placement for needed resources.
 - Improved decision-making processes with accurate data analysis and visualization techniques.
 - Collaborated with cross-functional teams to ensure data integrity and accuracy, resulting in better-informed decisions.
 - Managed large-scale databases to ensure timely access to critical information for key stakeholders.
 - Integrated multiple sources of disparate data into cohesive datasets using ETL processes, improving overall analytic capabilities.
-

EDUCATION

Master of Science : Computer Information Systems, **05/2024**

Saint Louis University - St. Louis, MO

- Final Semester: Focused on CAPM Certification and Excel-based data analysis
- Activities & Societies: Member of the Project Management Group
- 3.4 GPA

Bachelor of Science : Computer Science, **05/2022**

Lovely Professional University - Punjab, India

CERTIFICATIONS

- - Certified Associate in Project Management (CAPM) – PMI
 - - Excel for Business – Advanced – Coursera
-
