## PROFESSIONAL EXPERIENCE

### Business Analyst

#### Aphron Infotech

July 2020 – Present

Client: Bank of Maharashtra Pune, MH

**Description:** Systems were developed to address operational and technological changes by building automation to streamline process in order to attain higher efficiency and achieve operational excellence.

- Gathered user and business requirements through **interviews, meetings and Job Shadowing** from Users.
- Assisted in creating **Designed Requirements, Planning and Management document**.
- Implemented **Agile Methodology**, worked as a liaison between Users and Tech team in prioritizing the sprint backlogs for timely deliverables.
- Elicited requirements from project stakeholders and key SMEs.
- Worked closely **with Project Management Office** to create **project management process** and standardize project management artifacts.
- Worked with **Front Office, Middle Office, and Back Office** Teams to understand how complete asset movement process works.
- Facilitated daily **scrum meeting, sprint planning, sprint review and sprint retrospective meetings**
- Removed impediments for the scrum team. Ensured efficient communication between the scrum team and the product owner
- Performed requirement analysis, prepared user stories, functional requirements and issue logs using **JIRA**.
- Defined the test criteria, project schedules and base lined the Test Plan with the help of project meetings and walkthroughs.
- Authored test plans, test cases for various test scenarios and helped testing team to better understand and execute the test scripts
- Consistently being involved with **UAT** to ensure the efficient performance of the system.
- Using JIRA, effectively managed the bugs detected, reporting defects, assignment and defect management.
- Worked with SMEs to **understand AML, KYC guidelines** and make sure that the requirements are in compliance with AML, KYC guidelines

**Environment:** MS Visio, Agile, JIRA, SQL, MS Office Suite

## CERTIFICATION

- Entry Certificate in Business Analysis™ from IIBA

## TRAINING

- Business Analyst Training.
- Informatica PowerCenter Developer course from Udemy.
- Microsoft Power BI course from Udemy.
- 3.5 years of experience as registered pharmacists in India.
