EDUCATION

The Catholic University of America

Washington DC

BS Computer Science

May 2019

- Relevant Coursework: Mobile Computing, Software Engineering, Data Structures, Analysis of Algorithms

EXPERIENCE

The Catholic University of America

Washington DC

Executive of Technology

August 2018 - May 2019

- Troubleshoot and repaired computers for CUA Esports, ensuring proper hardware setup and configuration
- Supervised computer lounge, oversaw proper equipment use, and enforced acceptable use policies
- Advise administrators on technological needs and design choice

Tech Support, Data Entry

June 2016 - August 2016

- Troubleshoot functionality of computer hardware in classrooms, ensuring proper display and sound
- Verified that users had correct permission levels for hundreds of Catholic University websites

SKILLS

- **Languages:** Java, C++, HTML, CSS, JavaScript, SQL
- **Technologies:** Unix, Arduino, Git, JavaFX, Java JDA, Node.js, Discord.js, Oracle Apex
- **Other:** Agile Development, Object Oriented Programming, Relational Databases

PROJECTS

Java RPG Game (In Progress)

- Using Java and Java JDA to build a MUD RPG game, using Discord's API to control inputs and outputs
- Building from an Object-Oriented design, employing concepts such as polymorphism and encapsulation
- Utilizing AWS to host the program on a server, and to host a database

UpTech Rehabilitation Device Sensor

- Designed an arduino board to receive data from flex sensors on a stroke rehabilitation device
- Translated sensor voltages into angles and repetitions of flexion-extension to display on a mobile device
- Interviewed potential customers on their needs and constructed a product with agile development

JavaFX Calculator

- Built a Calculator in Java, using JavaFX to build the GUI
- Used a stack to compute the answer of a string of numbers and operators

Cube Quest

- Built a level class for an open source LWJGL game, raising the difficulty of the game as time passes
- Referenced previously built classes Points and Enemies to calculate the level and difficulty

ACTIVITIES AND INTERESTS

- Captain of Cardinal Esports League of Legends, competing in the Landmark Conference
- Member of Cardinal Startups, ACM, CUAnime
- Programming, Cooking, Reading, Entrepreneurship, Weight Training
