

JAGADEESH BANDI

Chicago, IL | 7792766355 | jagadeeshbandi1601@gmail.com | [Linkedin](#)

SUMMARY

Results-driven professional with expertise in **Python, C++, SQL, and Java**. Proficient in **Django** and **Object-Oriented Programming (OOPs)**, with hands-on experience in data analysis, visualization, and database management. Skilled in **Pandas, NumPy, Matplotlib, Tableau, and MySQL** for developing efficient data-driven solutions. Adept at web development using **HTML, CSS, and JavaScript**. Currently working as a **Graduate Assistant** at Northern Illinois University, focusing on **C++** and **OOP** concepts. Passionate about leveraging technology and data insights to drive business decisions and optimize software solutions.

TECHNICAL SKILLS

Programming Languages: Python, SQL, Java, C, C++

Frameworks & Tools: Django, Power BI, Tableau, Microsoft Excel

Databases: MySQL

Data Analytics & Machine Learning: Data Cleaning, Visualization, Pandas, NumPy, Matplotlib

Web Development: HTML, CSS, JavaScript

PROFESSIONAL EXPERIENCE

Graduate Assistant | Northern Illinois University, USA (Aug 2024 - Present)

Currently working on C++ development with a focus on Object-Oriented Programming (OOPs). Assist faculty with course material, programming tasks, and student support.

Data Analyst | GlobalShala (Remote) (Aug 2022 - Sep 2022)

Conducted data analysis using Python, Pandas, NumPy, and Matplotlib. Created visualizations to aid decision-making and simplified complex datasets for better accessibility.

Full Stack Developer | Qbec Infosol, Chennai, India (Apr 2022 - Jun 2022)

Developed an E-commerce web application using Django, Python, HTML, and CSS. Designed RESTful APIs and optimized backend performance through efficient database operations.

PROJECTS

Customer Churn Prediction | Machine Learning

Developed a churn prediction model for e-commerce using Random Forest to improve customer retention strategies. Compared multiple machine learning algorithms to enhance predictive accuracy and provide actionable insights.

E-Shop Website | Django, Python, SQL

Built an e-commerce platform with product recommendations powered by machine learning. Implemented secure user authentication, payment integration, and optimized database queries for better performance.

EDUCATION

Master of Science in Computer Science | Northern Illinois University, Dekalb, USA (2024 - Present)

Bachelor of Engineering in Computer Science | Saveetha School of Engineering, Chennai, India (2019 - 2023)

CERTIFICATIONS

Microsoft Certified: Azure Data Fundamentals (**DP-900**) | Nov 2022

HackerRank: 30 Days of Code Challenge (Python) – Golden Skill Badge | Mar 2022

Completed various courses on Python, OOPS, HTML, etc., on Udemy
