

Jagadeswara Rao Pothireddy

Business Analyst

Rolling Meadows, IL | +1 224-585-9776 | jagadeshrao284@gmail.com | [LinkedIn](#)

SUMMARY

Experienced Business Analyst with over 3 years of expertise in data analysis, business intelligence, and cloud integration. Skilled in gathering and analyzing business requirements, optimizing processes, and collaborating with cross-functional teams to drive data-driven decision-making. Proficient in SQL, Python, Power BI, Tableau, AWS, and Snowflake, with experience in ETL development, financial analysis, and stakeholder communication. A proactive team player with strong problem-solving abilities, ensuring seamless project execution and business growth.

SKILLS

Programming Languages: Python (Pandas, NumPy, Scikit-learn), R, SQL, VBA

Methodologies: Agile, Scrum, Waterfall, SDLC, Business Process Modeling (BPM), Requirement Gathering, GAP Analysis

Documentation & Analysis: BRD, FRD, User Stories, Use Cases, Wireframing, Gap Analysis, SWOT, RACI, Process Mapping

Business Intelligence Tools: Power BI, Tableau, AWS QuickSight, Excel (Pivot Tables, Macros), Google Data Studio

Databases & Data Management: SQL (MySQL, PostgreSQL, SQL Server, Redshift), Snowflake, MongoDB, Oracle, Google BigQuery

Cloud & Integration Tools: AWS (S3, Redshift, Lambda), Azure, Google Cloud, API Integration, Postman, MuleSoft

Project & Testing Tools: JIRA, Confluence, ServiceNow, HP ALM, Selenium, TestRail, Postman, SOAP UI, Git

Other Skills: Data Analysis, Data Modeling, ETL Development, Data Warehousing, KPI & Metrics Analysis, Risk Assessment, Stakeholder Management, Financial Analysis

EXPERIENCE

Catelent, USA

Jun 2024 – Present

Business Analyst

- Gathered and analyzed business requirements from stakeholders, ensuring alignment with regulatory and compliance needs for oncology drug market access.
- Conducted data analysis on patient demographics, insurance coverage, and competitor pricing using SQL, Python, and Excel, providing insights for optimized pricing strategies.
- Designed and maintained interactive Tableau and Power BI dashboards to visualize key market trends, reimbursement scenarios, and pricing simulations for decision-makers.
- Created use cases, process flows, and wireframes to streamline the drug approval and reimbursement submission process, improving efficiency by 20%.
- Performed cost-benefit and risk analysis on pricing models, leveraging statistical analysis and predictive modeling to forecast revenue impact.
- Collaborated with cross-functional teams, including regulatory affairs, finance, and commercial strategy, to ensure data-driven decision-making and alignment with market trends.
- Assisted in Agile project management by maintaining documentation in JIRA and Confluence, ensuring continuous tracking of requirements, deliverables, and stakeholder feedback.

Hellinex Cloud, India

Jul 2020 - Nov 2022

Business Analyst

- Collaborated with cross-functional stakeholders to gather and document business and functional requirements for a blockchain-based supply chain tracking solution, ensuring seamless data flow and transparency.
- Conducted data analysis using SQL to evaluate existing supply chain inefficiencies and recommended process optimizations based on key performance metrics.
- Designed process models, wireframes, and use cases to visualize end-to-end tracking workflows and improve stakeholder understanding.
- Created interactive dashboards and reports in Power BI to provide real-time insights into supply chain performance, anomaly detection, and compliance monitoring.
- Facilitated Agile sprint planning, backlog grooming, and daily stand-up meetings using JIRA, ensuring smooth collaboration between developers and business teams.
- Performed cost-benefit analysis and risk assessment to evaluate the impact of blockchain integration, leading to a 20% reduction in fraud-related losses.
- Assisted in user acceptance testing (UAT) by developing test cases and validating blockchain transactions to ensure data integrity and security.

EDUCATION

Master of Science in Information Systems and Management

May 2024

University of Illinois, USA

Bachelor of Technology in Engineering

Sep 2020

Lakireddt Bali Reddy College of Engineering, India
