- **Data Visualization:** Tableau, Power BI, Google Data Studio
- **Data Wrangling & ETL:** Alteryx, Talend, Power Query, Pandas
- **Cloud Platforms:** AWS (Redshift, S3), Google BigQuery, Azure Data Lake
- **Statistical Analysis:** Hypothesis Testing, Regression, Time Series Forecasting, A/B Testing
- **Excel Expertise:** Pivot Tables, Macros, VLOOKUP, INDEX-MATCH, Data Validation
- **Machine Learning:** Scikit-learn, Supervised/Unsupervised Models
- **Tools & Collaboration:** JIRA, Trello, Agile/Scrum, Confluence
- **Core Strengths:** Problem Solving, Communication, Analytical Thinking, Business Acumen

WORK EXPERIENCE

Prabhav Services Inc., USA | Data Analyst Aug 2024 - Present

- Designed and implemented **interactive Power BI dashboards** for C-level executives, leading to a 30% improvement in strategic planning.
- Built **ETL pipelines** using **Python and SQL**, processing over 10 million rows of raw data into clean, structured formats.
- Performed **customer segmentation analysis** using **K-means clustering**, enhancing targeted marketing efforts by 22%.
- Collaborated with cross-functional teams to analyze **AWS Redshift datasets** and created automated data quality validation scripts.
- Delivered weekly ad-hoc reports via **Excel dashboards** with advanced formulas (VLOOKUP, INDEX-MATCH, macros), saving 10 hours/month.
- Acted as a **mediator between IT and business stakeholders**, gathering and translating business requirements into analytics solutions.

Everest Instruments Pvt Ltd., Gujarat, India | Data Analyst Jan 2021 - Jun 2022

- Improved production efficiency by 12% by analyzing plant performance data and identifying delays in real-time.
- Developed **Tableau dashboards** for supply chain metrics, enabling leadership to track delays, inventory status, and on-time delivery rates.
- Extracted data from ERP systems using SQL, reducing report generation time by over 60%.
- Conducted A/B tests and regression analysis to evaluate process changes and support business recommendations.
- Regularly collaborated with plant managers and team leads to refine KPIs and reporting accuracy.

BrainyBeam Technologies Pvt Ltd., Gujarat, India | Data Analyst Jan 2020 - Dec 2020

- Created dashboards to track user engagement metrics for web-based products using **Excel and Tableau**.
- Conducted sentiment analysis on customer support logs, providing feedback that contributed to a 20% improvement in response quality.
- Automated recurring tasks using Excel formulas and Power Query, saving the operations team over 10 hours per week.
- Supported the analytics team by cleaning raw datasets, building data dictionaries, and mapping data flows

EDUCATION

Master of Computer Science Cleveland State University (CSU), Cleveland	2022 - 2024
Bachelor in Information Technology Gujarat Technological University (GTU), India	2014 - 2020
