PROFESSIONAL SUMMARY

Results-driven healthcare account management professional with extensive experience in relationship building, and customer success within clinical and SaaS environments. Proven ability to drive business growth, foster collaborative partnerships, and deliver high-quality service to healthcare providers and stakeholders. Adept at leveraging deep knowledge of EHR/EMR systems, healthcare billing, and compliance to support treatment delivery, process improvement, and organizational objectives. Strong communicator and negotiator with a commitment to detail, regulatory adherence, and continuous improvement. Skilled in executing business plans, training, and cross-functional collaboration to maximize value for healthcare partners.

WORK EXPERIENCE

Customer Support Engineer

June 2022 - January 2025

VERUNA - Remote

- Managed technical support cases for key accounts in salesforce, ensuring high-quality service and operational continuity in alignment with compliance and regulatory standards.
- Executed process improvements to address root causes of underperformance, communicating strategies to clients and internal teams to drive continuous improvement and customer satisfaction.
- Built and maintained strong relationships with clients, providing comprehensive support and guidance to maximize product value, retention, and operational efficiency.
- Maintained accurate documentation in Salesforce, tracked support cases, and contributed to account-level reporting to support performance measurement.

Software Support Specialist

December 2018 - June 2022

VISIONWEB - Remote

- Utilized optical EHR/EMR software to accurately document patient records, supporting compliance for healthcare clients.
- Maintained and supported electronic health records (EHR) in Salesforce, contributing to efficient workflows and adherence to quality standards.
- Developed application training tools in both written and video formats, supporting consistent skill development across teams and customers.
- Collaborated with cross-functional teams to identify opportunities for process improvement and customer growth, aligning with organizational objectives.

Optician

January 2016 - December 2018

INNOVATIVE EYECARE - Austin, TX

- Provided detailed explanations of health insurance and billing processes, including claim submission and payment posting, to patients, ensuring clarity, satisfaction, and operational transparency.
- Fit and dispensed lenses for vision correction, maintaining high standards of quality and customer care in a regulated healthcare environment.

Optical 3rd key manager sales associate

August 2014 - February 2016

VISIONWORKS - Austin, TX

- Promoted to store key holder within 6 months of employment

- Became top seller in one of visionwork's highest volume locations
- Helped manage store operations, including inventory management, customer service, training, and confidential documentation management, ensuring efficient and compliant operations.
- Led and trained employees on EHR/EMR software and operational processes, supporting consistent service delivery and customer experience.
