WORK EXPERIENCE

Rivier University

Nashua, NH

Teaching Assistant, Database Management systems

05/2024 – 05/2025(expected)

- Provide technical support to students, improving their understanding of complex database concepts.
- Develop and grade assignments, quizzes, and exams, ensuring alignment with course objectives.

Careervira

Haryana, India

Data Analyst

10/2021 – 08/2023

- Designed and implemented robust data collection systems and databases using PostgreSQL.
- Streamlined data analysis processes by utilizing Excel's advanced formulas, pivot tables, and VBA scripting for automation.
- Developed interactive PowerBI dashboards that provided real-time business insights, enhancing decision-making, and reporting efficiency.
- Contributed to the hiring and training of data analyst interns.

GM Marketing

Belfast, UK

Data and Market Analyst Intern

01/2021 – 07/2021

- Conducted data analysis and developed Excel pivot tables to present clear, actionable figures, enabling the manager to grasp current performance metrics and make informed decisions.
- Collaborated closely with management to interpret data-driven insights, contributing to informed business decision-making and strategy development.

PROJECTS

AIRBNB-NYC PRICE PREDICTION

- Developed a predictive model for Airbnb prices in New York City, analyzing customer preferences on room selection based on price and location. Utilized data analysis, visualization, regression analysis, and clustering techniques, achieving a model accuracy of 99% and an F1 score of 0.99.

SUPERMARKET ANALYSIS AND DEVELOPMENT STRATEGY

- Analyzed Myanmar's City Mart supermarket market dynamics, identifying key challenges through data analysis. Developed strategic solutions utilizing clustering and conjoint analysis techniques, achieving 90% accuracy and an F1 score of 0.85.

REAL-TIME REACTIONS ON COLIN KAEPERNICK CAMPAIGN

- This project is a controversial campaign on Nike. In this project, i extracted data from Twitter and YouTube and performed sentiment analysis and content analysis.

EDUCATION

Rivier University

New Hampshire, USA

Msc in Computer Information Systems| GPA: 3.85

11/2023 – 05/2025(expected)

Courses: Project Management, Networking Technologies, Object-Oriented Design, Database Management Systems, Machine Learning

Gitam University

Bengaluru, India

Bachelor's in computer science engineering

08/2015 – 04/2019

Courses: Data Management, C language, C++, Probability and Statistics, Big Data Analytics, Cloud Computing, Data Mining and Data Warehousing, Artificial Intelligence, Total Quality Management

SKILLS

Competencies: Data Analysis, Data Wrangling, Data Visualization, Machine Learning, Linear Regression, Logistic Regression, Decision Trees, Random Forests, K-Means Clustering, Business acumen, Project Management.
