

JESWANTH JAYACHANDRAN

DATA ANALYST

Jeswanthpj07@gmail.com | (469)-605-7046 | Dallas, TX

PROFESSIONAL SUMMARY

Results-driven Data Analyst and Technical Project Manager with 3+ years of experience leveraging advanced analytics, machine learning, and data science methodologies to drive business growth. Skilled in Python, R, SQL, and SAS with proven expertise in financial modeling, e-commerce analytics, and building dashboards for real-time business insights. Adept at SDLC methodologies (Waterfall, Agile, Scrum, Kanban) and ETL processes, including tools such as SSIS, Power BI, Tableau, and Alteryx. Strong track record in managing large datasets and databases (SQL Server, MySQL, PostgreSQL) and cloud platforms (AWS, Google Analytics). A proven leader in cross-functional project management, with a focus on delivering actionable insights that enhance business performance.

EXPERIENCE

Science Soft, TX

Data Analyst

Jan 2024 – Present

- Spearheaded the Investment Portfolio Optimization and Risk Modeling project for FinTech Innovations, improving portfolio return by 15% using real-time financial data.
- Developed machine learning models for return prediction and risk classification, increasing prediction accuracy by 20% through Random Forest and LSTM networks.
- Built and deployed Power BI dashboards for real-time performance tracking, enhancing risk management and improving client satisfaction by 10%.
- Automated ETL processes using Alteryx, streamlining data transformation across multiple sources, saving 120 man-hours per month.
- Applied Agile and Scrum methodologies, leading to a 25% reduction in project delivery time.
- Integrated multiple data sources with SQL and Python (Pandas), improving operational efficiency by 30% through enhanced data integration and analysis.
- Managed datasets from AWS (S3, Glue) and Google Analytics, reducing data access time by 40% and ensuring smooth data flow for timely analysis.
- Developed and maintained SQL Server stored procedures, functions, and triggers to automate repetitive data operations, reducing manual involvement by 40%.

Spectrum Webapps

Jr. Data Analyst

Sep 2020 - Dec 2022

- Oversaw the E-Commerce Sales Performance Analysis and Forecasting project, increasing overall sales by 15% through customer segmentation and predictive modeling.
- Utilized A/B testing and time series forecasting models (ARIMA, LSTM) to optimize inventory management and marketing strategies, resulting in a 35% decrease in stockouts.
- Built dynamic real-time dashboards with Tableau and Power BI to track KPIs, increasing visibility into conversion rates, customer lifetime value, and product performance by 25%.
- Integrated Shopify API for real-time sales tracking, improving forecast accuracy by 20% through automated pipelines.
- Automated data collection, cleansing, and reporting processes using Excel (VBA, Pivot Tables, Macros), improving workflow efficiency by 35% and increasing reporting accuracy by 30%.
- Optimized data processing workflows by implementing automated SSIS pipelines, reducing manual intervention by 50%, improving data delivery time by 30%, and boosting scalability.

SKILLS

Methodologies	: SDLC (Waterfall, Agile, Scrum, Kanban)
Language & IDE's	: Python, R, SQL, SAS, Visual Studio Code, PyCharm, Jupyter Notebook
Python & R Packages	: Python (NumPy, Pandas, Scikit-learn, Keras and TensorFlow), R (ggplot2, Dplyr, TidyR, Shiny, Caret)
ETL & Data Visualization Tool:	SSIS, Power BI, Tableau, Informatica, Looker, DAX (Data Analysis Expressions)
Microsoft Office	: Excel (VBA, Pivot Table, Power Pivot, Macros, VLOOKUP, HLOOKUP), MS-PowerPoint, MS-Visio
Cloud Platforms	: AWS (S3, Glue), Google Analytics
Database	: SQL Server, MySQL, PostgreSQL
Other Tools & Skills	: Data Cleaning, Data Wrangling, Critical Thinking, Root cause analysis, Presentation Skills, Git, GitHub

EDUCATION

Master of science in Business Analytics	University of Texas at Dallas, Richardson, TX	May 2024
Bachelor of science in mathematics	Sri Venkateswara arts college, Tirupati, India	June 2022

CERTIFICATIONS

Google Analytics Certification
AWS Certified Solutions Architect (Associate)
capstone: Applying Project Management in the Real World – python –Web development
