Summary:

Industry ready, driven individual that obtained hands-on learning experience in the BioMedical Equipment Technology setting. Developed a strong knowledge of: problem-solving, working with others, and quick-learning. I am a very determined, hard working individual willing to learn and grow in my career field.

Education:

Pocono Mountain West High School Graduated June 2019
High School Diploma

Johnson College Of Technology Graduated May 2021
Associate in BioMedical Equipment Technology

University of Arkansas Grantham Graduated Feb 2024
BS Electronic Engineering Technology

Experience:

Kalahari Resorts June 2017-September 2017 Pocono Manor, PA
Lifeguard

Developed work cooperation with other employees
Gain experienced working for and recording documentation for a company
Ability to be critically alert and ready for emergencies

Iss Solutions May 2021-June 2021 Wilkes-Barre, PA
Biomedical Equipment Technician Intern

Worked under the supervision of a supervisor and co-workers
Performed PMs and repairs on medical equipment, such as patient warmers, patient monitors, and heat therapy pumps, in a hospital setting.
Worked in a clean and organized environment for everyone to work in.

BioSpectra September 2021-February 2022 Bangor, PA
Chemical Operator

Follow written procedures
Calculate and process chemicals
Clean up chemical or spills based regulations and written procedures
Worked according to SOPs and Documentation
Submitted Samples for quality testing

Air Liquide March 2022-April 2022 Mt. Bethel, PA
