Professional Experience

NewRez LLC (formerly Computershare Loan Services, Specialized Loan Servicing)

May 2019 – August 2024

Data Analyst

- Led the overhaul of invoicing processes, increasing investor billings up to 40% by identifying billing gaps through a comprehensive analysis.
- Revamped reporting mechanisms to capture potential billable items, automating data collection, and improving accuracy in monthly billings.
- Designed a new on-boarding process to streamline integration with clients, reducing on-boarding time and issues.
- Developed ad hoc reporting solutions to support operational decision-making, ensuring timely and accurate data presentation.
- Acted as subject matter expert on cashiering, ensuring compliance with industry standards and internal controls.
- Collaborated with cross-functional teams to identify process inefficiencies and designed solutions that closed regulatory gaps.

NewRez LLC (formerly Computershare Loan Services, Specialized Loan Servicing)

February 2015 – May 2019

Senior Liquidations Associate

- Processed liquidation transactions, identifying and addressing discrepancies between documentation and regulatory requirements.

- Revamped internal processes and tools, driving efficiency improvements that reduced liquidation processing times.
- Recognized for processing more liquidations than peers while minimizing risk through detailed documentation review and compliance checks.
- Promoted to the Data Analyst role due to demonstrated success in process improvement and identifying issues within operational workflows.

Black Knight Financial

June 2014 – October 2014

Data Analyst (Auditing)

- Audited exit events to ensure compliance with industry regulations and company policies, identifying non-compliance issues and advising teams on corrective actions.
- Developed detailed reports for senior management, providing insight into audit findings and risk mitigation strategies.
- Assisted in streamlining data collection processes, reducing audit time by 10%.

Urban Lending Solutions *May 2012 – June 2014*

Default Complaint Resolution Specialist

- Managed and resolved complaints for Bank of America customers regarding loan defaults, researching and analyzing loan data to address concerns.
- Recognized for the highest completion rate and lowest failure rate, demonstrating exceptional attention to detail and customer service skills.
