EXPERIENCE

Inner Valor Inc | Chicago, IL

September 2024- July 2025

Business Analyst

- Worked directly under the CEO, analyzing territory and customer segmentation using **GA4** and **Salesforce** data to identify high-performing sectors, enabling targeted strategy that generated **\$100K+** in **Q1 revenue**.
- Launched **high-conversion campaigns** using **Salesforce** and **Google Ads** with refined bid strategies, A/B-tested creatives, and intent-based retargeting, **doubling inbound leads** from top-performing segments.
- Built enterprise-grade **Power BI** dashboards integrating **Salesforce CRM** and **ad data**, enabling real-time revenue attribution, customer segmentation, and omnichannel ROI reporting. Reduced reporting lag from **2 days to real-time**.
- Optimized website aligned with brand UX and **SEO** strategy, powered by **SEMrush**. Secured association-level partnerships.

College of Engineering, University of Illinois | Chicago, IL

September 2022- May 2024

Marketing Assistant

- Leveraged **GA4** to analyse student engagement patterns, generating data-driven insights that guided targeted **paid ad** campaigns for the Chemical Engineering department. Executed and optimized these campaigns using **Google Tag Manager** and **Google Ads**, focusing on specific demographics and peak engagement times, resulting in an **18+** student increase in engagement and inquiries.
- Improved campaign **ROI by 20%** through targeted keyword optimization and **strategic bid adjustments**

From Clicks to Appointments: Revolution Physical Therapy & Weight Loss | Chicago, IL

January 2024 – May 2024

Project Intern

- Conducted **full-funnel patient behavior analysis** and **KPI modeling**, using SEO and content optimization to increase patient acquisition by 20%; mirrored principles of prescriber engagement and digital patient targeting.
- Created **end-to-end KPI** dashboards to track **patient acquisition**, channel engagement, and feedback loops, influencing leadership decisions on digital strategy.
- Conducted extensive **keyword** research and **optimization** for both SEO and **paid media**, managing a content pipeline, training **10+** writers on **SEO** best practices, boosting organic traffic by **20%**, and acquiring **32** long-term patients.

Strategic Brand and Cost Analysis for Scalable Profitability at HappiLabs | San Francisco, CA

January 2024 – May 2024

Project Intern

- Conducted brand analysis and customer surveys using **SQL** and **Python**, uncovering key market insights that improved brand positioning and engagement by **15%**. Developed **Tableau** dashboards to visualize product profitability and sales trends, boosting data-driven decision-making efficiency by **25%**.
- Cleaned and transformed multi-source product data for reliable reporting; automated Tableau reports for sales team, boosting usability and adoption. Delivered insights that improved decision-making and enhanced procurement processes by **25%**.

PROJECTS

BestBuy E-Commerce App | Enterprise Application Development

August 2023- December 2023

- **Full-stack e-commerce web application** supporting over 300 products, enabled secure login using Java, MySQL, & Apache Tomcat.

Sentiment analysis of Movie Reviews using Deep Learning | Jupyter Notebook, Kaggle (Dataset)

Jan 2022- Aug 2023

- Designed an LSTM-based sentiment analysis model with 98% accuracy, via advanced preprocessing and hyperparameter tuning.

CERTIFICATIONS

- Google Analytics, Google Ads, HubSpot Inbound Marketing, AWS Cloud Computing, SEMrush SEO Toolkit Certification
