Waldorf, MD

Objective

I look to be a cloud practitioner or engineer in the future. I am studying for my associates in community college in cloud computing. Currently I only have the CompTIA ITF+ certification. I look to continue for a 4 year degree if needed. Will be able to attain Ts clearance. Will attain certifications in Aws, security+, network+ and A+. Looking to be fully qualified to meet the criteria for cloud intern jobs or just credentials to attain a IT support or cyber security entry level position. Very skilled in graphic design as well.
