Frameworks & Libraries: | React | Redux | .NET Core | Spring Boot | Hibernate | Ruby on Rails | Jest | Bcrypt | OAuth | Bootstrap 5

Database & Industry Tools: | PostgreSQL | SQL | SQL Tabs

Tools/Software: | nginx | Kubernetes | Cloud Formation | Docker | CI/CD | Git | GitHub | Postman | Heroku | AWS

PROFESSIONAL EXPERIENCE

Infosys | Houston, TX

May 2019 - Mar 2020

Software Engineer

- Created front end UI applications using Angular, HTML, and CSS/SCSS for the DBaaS (Database as a Service) team at British Petroleum (the client)
- Used Angular to create Single Page Applications that bind data to specific views and synchronize data with the server
- Increased productivity using Jira to track bugs, reduce downtime, and enhance internal communication
- Completed intensive training program learning Python, SQL, C#, .NET Core, Entity Framework, SyntosaDB, Bootstrap, MS SQL Server, TypeScript, Angular, CSS, SCSS, and HTML
- Applied Entity Framework to implement server-side MVC
- Utilized XUnit framework and Visual Studio to create and execute unit testing for C# applications
- Hands-on experience in creating Angular modules, controllers, directives, and filters to deploy business logic
- Collaborated with team members in all development phases, including research, design, development, testing
- Proficient in Bootstrap Grid, CSS Grid, and media queries to achieve responsive web design

PROJECTS

HackBright Academy / Devmountain | Houston, TX

Oct 2022 - Mar 2023

patientApp - [Github Repo](#) | [Demo](#)

A Java Spring Boot project for doctors, nurses, and medical providers to keep track of patient data

The personal capstone project for Hackbright Academy's Intermediate Java Software Engineer program

- Java, Spring Boot, Bootstrap 5, PostgreSQL, CSS3, HTML5, and JavaScript

Music Store - [Github Repo](#) | [Demo](#)

A back-of-office application for a manager of a Music Store that sells instruments and offers lessons to their patrons

The group capstone project for Hackbright Academy's Intermediate Java Software Engineer program

- Java, Spring Boot, Bootstrap 5, PostgreSQL, CSS3, HTML5, and JavaScript

LaunchCode Houston, TX	<i>Jun 2022 - Mar 2023</i>
<u>MedPro</u> - Github Repo	
A Java Spring Boot project for doctors, nurses, and medical providers to keep track of patient data	
The group capstone project for Launch Code's Liftoff program	
• Java, Spring Boot, Bootstrap 5, PostgreSQL, CSS3, HTML5, and JavaScript	
Flatiron School Houston, TX	<i>Jul 2018 - Jun 2019</i>
<u>Grateful</u> - Github Repo Demo	
An app to promote mental health through gratefulness	
The final project for the Flatiron School's Software Engineering Immersive program	
• Ruby on Rails with a React front end and Redux state management	
The University of Utah Salt Lake City, UT	<i>Oct 2018 - Jan 2019</i>
<u>DevTracker</u> - Github Repo	
An app to track job search and job application activity	
The final group project for the University of Utah's Web Development program	
• Ruby on Rails with a JavaScript, React, Redux, and SASS front end	
<u>Utoob</u> - Github Repo	
A Youtube clone that displays CRUD actions and allows users to make comments	
• Ruby on Rails with a React front end • Followed the MVC architectural pattern and RESTful routing conventions • University of Utah/DevPoint Labs Hackathon Winner - January 2019	

CERTIFICATES

HackBright Academy / Devmountain Houston, TX	<i>Graduated Mar 2023</i>
• Java & Spring Boot Mid-Level Software Engineering Program	
LaunchCode Houston, TX	<i>Graduated Mar 2023</i>
• LC101 JavaScript & Java Web Development Program	
The University of Utah Salt Lake City, UT	<i>Graduated Jan 2019</i>
• Web Development Certificate	
Qwasar Silicon Valley Houston, TX	<i>Expected Dec 2023</i>
• Full Stack Developer Program	
Udacity Houston, TX	
• Frontend Developer Nanodegree	<i>Graduated Apr 2023</i>
• Java Developer Nanodegree	<i>Graduated Oct 2022</i>
• Cloud DevOps Engineer Nanodegree	<i>Graduated Sept 2020</i>
Galvanize Houston, TX	<i>Graduated May 2020</i>
• Cognizant Java S2 Cloud Native Developer Program	
Flatiron School Houston, TX	<i>Graduated Jun 2019</i>
• Software Engineering Immersive	
Grow with Google Houston, TX	<i>Graduated Oct 2018</i>
• IT Support Professional Certificate
