EDUCATION

Master of Science in Business Analytics

Aug 2024 – May 2025

W. P. Carey School of Business at Arizona State University | Tempe, Arizona

GPA - 4.00/4.00

Coursework: Descriptive & Predictive Analytics, Machine learning in Business, Quantitative Risk Management, AI and Data Analytics

Bachelor of Engineering, Computer Engineering

Jun 2019 – May 2023

Gujarat Technological University | Ahmedabad, India

GPA - 3.87/4.00

Coursework: Probability & Statistics, Database Management System, Artificial Intelligence, Python for Data Science, Cloud Computing

SKILLS

Languages: Python, R, Java, C#, C/C++, HTML/CSS, Javascript

Tools: Tableau, Power BI, Excel(PivotTables, VLOOKUP, VBA Macros), ETL, Git, GitHub, AWS (EC2, S3), Google Cloud, Jira, Agile

Libraries/Frameworks: Pandas, NumPy, Matplotlib, Scikit-learn, NLP, Keras, TensorFlow, Seaborn, A/B Testing, OpenCV

Databases: SQL Server, MySQL, NoSQL, MongoDB, PostgreSQL

Certifications: AWS Machine Learning, Quantitative Research (JPMC), Data Science Foundation, Power BI, Agile Methodologies

PROFESSIONAL EXPERIENCE

Data Analyst

Jul 2023 – Jun 2024

Outamation Technologies Pvt. Ltd.(FinTech)

India

- Designed and implemented SQL-based ETL workflows to consolidate loan data from multiple systems into a centralized database, leveraging AWS for data storage and reducing integration time by **21%**.
- Enhanced quantitative risk assessment with predictive modeling and time series forecasting, boosting accuracy by **25%**.
- Led client workshops and stakeholder interviews to gather business requirements, align on priorities, and accelerate delivery timelines by **14%**.
- Analyzed loan data, including defaults, payments, and customer profiles, to optimize query performance by **32%** and enhance reporting for internal stakeholders.

Data Analyst Trainee

Jan 2023 – Jun 2023

Outamation Technologies Pvt. Ltd.(FinTech)

India

- Integrated SQL Server with OCR systems to automate data extraction from scanned documents, significantly reducing manual entry errors by **32%**.
- Deployed Google Cloud Vision API for document recognition, increasing automated document processing and reducing manual effort.

Sales & Operations Analyst

May 2022 – Jun 2024

Viral Trading(Private Retail business)

India

- Analyzed sales data and operational workflows with Excel and SQL to identify high-demand regions, optimizing distribution strategies and increasing revenue by **21%**.
- Developed dashboards to track KPIs like sales trends and inventory turnover, enhancing operational efficiency and reducing excess stock by **16%**.
- Performed market trend analysis and customer segmentation to generate business insights, improving forecasting accuracy by **26%**.

PROJECT EXPERIENCE

Automated Rolling Forecast Model – MedAire (Capstone Project) | Forecasting & Predictive Analytics

Jan 2025 – Apr 2025

- Building a rolling revenue forecasting model using Excel, Python, and Power BI, integrating key financial KPIs, P&L components to enhance forecasting accuracy by **24%** and optimize budget planning.
- Optimized financial forecasting by applying ARIMA, SARIMA, and XGBoost, enhancing revenue prediction accuracy and resource planning efficiency.

Telco Customer Churn Prediction | Machine Learning

Jul 2024 – Aug 2024

- Optimized machine learning pipeline for telco customer churn prediction using Decision Tree and Random Forest classifiers.
- Identified high-risk customer segments and proposed retention strategies using a churn prediction model, improving accuracy by **19.5%** through hyperparameter tuning and cross-validation..

Sales and Customer Dashboards | Tableau

Sep 2024 – Nov 2024

- Developed Tableau dashboards visualizing KPIs like sales, profit, and customer acquisition, enabling faster performance tracking.
- Analyzed business trends to identify growth opportunities and improved operational efficiency by **15%**.

LEADERSHIP & INVOLVEMENT

- Earned a 5-star rating in SQL on HackerRank, demonstrating advanced skills in complex query building.
- Coordinated event logistics and managed teams as College Event Manager, ensuring smooth execution with organizational skills.
- Led strategy and promoted collaboration as Vice Captain of the Girls' Cricket Team, driving consistent team performance.
