

KHUSHBU BORWAL

Cincinnati, Ohio | borwalkhushbu879@gmail.com | linkedin.com/in/borwalkhushbu | 513-879-5858

PROFESSIONAL SUMMARY

Full-Stack Developer with 5+ years of experience building and optimizing scalable web applications using Python, Angular, and AWS. Skilled in designing end-to-end cloud-native solutions and streamlining workflows for performance and reliability. Hands-on exposure to AI/ML through academic projects and recognized for delivering high-impact, scalable solutions.

TECHNICAL SKILLS

- **Programming & Frameworks:** Python, JavaScript, Angular, React, Node.js, Flask, FastAPI, PHP
- **Cloud & DevOps:** AWS (Lambda, S3, Cognito, CI/CD), Azure Functions, GitHub
- **Databases & Tools:** MSSQL, DynamoDB, Pandas, NumPy, Scikit-learn, REST APIs, Agile/Scrum, Postman
- **GitHub:** github.com/khushabuborwal

WORK EXPERIENCE

• Ignatiuz Software Pvt. Ltd., Indore, India | January 2021 - March 2024

Analyst – Application Development | May 2023 - March 2024

- * Automated data processing workflows by developing 15+ AWS Lambda functions in Python/Node.js, reducing manual effort by 30% and ensuring higher data accuracy.
- * Delivered a SaaS platform by leading a cross-functional team of 4 and managing Agile sprints via Jira, achieving 100% on-time sprint completion.
- * Migrated a monolithic architecture to microservices, decreasing cross-team dependencies by 60% and tripling deployment frequency.
- * Integrated Jest unit/integration testing with 85%+ coverage, cutting production bugs by 35%.

Angular Developer | January 2021 - April 2023

- * Built high-throughput REST APIs for authentication, data validation, and transaction processing, supporting 1M+ transactions.
- * Implemented a multi-tenant SaaS architecture using SQL elastic pools, ensuring 100% client data isolation and reducing latency by 40%.
- * Designed backend data analytics workflows in Python, streamlining insights and improving reporting.
- * Created 4+ Azure Function Apps (Python/Node.js) for asynchronous batch processing, automating 30K+ daily transactions and reducing processing time by 65%.

• Scomfort IT Solutions, Pune, India | January 2018 - January 2021

Software Developer

- * Developed an ERP system using PHP, MSSQL, including dashboards and reporting modules.
- * Implemented role-based access control and trained 10+ end users, reducing support queries by 30%.
- * Designed data workflows to optimize daily business operations and reporting efficiency.

EDUCATION

• Master of Engineering - Computer Science | University of Cincinnati, USA | August 2024 - May 2026

• Bachelor of Engineering - Computer Science | North Maharashtra University, India | May 2014 - July 2017

HONORS AND AWARDS

- **Graduate Incentive Award, University of Cincinnati | 2024 - 2026:** Awarded \$8,390 merit-based funding.
- **Star Performer of the Quarter, Ignatiuz Software Pvt. Ltd.:** Recognized for delivering projects with 40% fewer production errors than the team average.
