Objective

A Lab Assistant with five years of experience, specializing in quality assurance, laboratory safety, and DNA testing. A proven track record of performing sample testing and extractions in compliance with ISO 9001 quality standards, Skilled in supporting biopharmaceutical processes, solution preparation, and accurate GMP-compliant documentation. .

Work Experience

Lab Assistant intern

May 2019- Aug 2019

University of Maryland Medical Center

- Prepared, sterilized, and analyzed reagents and media to support laboratory experiments in an ISO 9001-certified environment.
- Assisted with equipment setup, operation, and cleaning under safety and compliance guidelines.
- Performed DNA extractions and documented results with accuracy to maintain data integrity.
- Improved workflow efficiency by automating data entry processes, reducing weekly reporting hours by 10.

Research Intern

June 2020- October 2023

Devine Family Care

- Supported senior researchers in molecular biology experiments including DNA extraction, cloning, and reagent preparation.
- Maintained and reviewed laboratory records, ensuring compliance with safety standards and protocols.
- Assisted in sterile techniques, solution preparation, and process documentation for experimental runs.
- Collaborated in equipment readiness and routine maintenance checks to ensure smooth lab operations.

Data Entry specialist

Jan 2024- Present

Prime Health LLC

- Entered, verified, and maintained healthcare and laboratory data in compliance with organizational SOPs.
- Prepared, organized, and filed sensitive documents to ensure accuracy and accessibility for clinical operations.

- • Audited 5+ monthly reports and spreadsheets, ensuring accuracy and integrity of healthcare and laboratory data.
- • Supported compliance functions by maintaining detailed electronic and paper records for audits and inspections.

Education

University of Maryland

Aug 2021 -May 2025

Bachelors in Science Psychology

- • Focused on foundational laboratory techniques, neuroscience, and health sciences principles.
- •Honor Roll with a GPA of 3.6
- • Head of African Student organization

Certifications

- • First AID/CPR
- • BLS
- •CMT
- •Laboratory Safety Training
