SSC - **2015-2016**

School Name – B.V.R.Z.P.Highschool - India

PROFESSIONAL SKILLS

- Currently enrolled in these courses are Data analytics with AI, EXCEL with AI and Power BI and SQL.
- Python, SQL, Powerbi, excel with AI, Power point, Outlook MS office Embedded C, IOT, Wireless Communication.

PROJECT

TITLE: An Intelligent IOT –Based System Design for Controlling and Monitoring Greenhouse Temperature

BRIEF: The Extreme Climate Where Temperatures Can Exceed 50 degree C, Especially in Summer, Improving Agricultural Production Can Only Be Achieved Using Environmental Suitable Solutions. Using Internet Of things (IOT) and C language Technologies in Green House Farming Allows Reduction of The Immediate Impact of External Climatic Conditions.

APPRENTICESHIP

COMPANY: Concentrix **CLIENT:** Google **ROLE:** Content Moderator

During my apprenticeship at Concentrix, I worked as a content moderator responsible for reviewing and filtering YouTube content. This entailed verifying whether the content was original or duplicate and determining its source, ensuring it was not scraped. Additionally, I assessed whether the content was a commentary or not, while categorizing it based on various criteria.

INTERNSHIP

COMPANY: Ambit Semiconductors Private Limited

- During my internship at Ambit Semiconductors Private Limited, I contributed to the Apollo project, which aimed to aid adult and above patients involved in car or bike accidents.
- The device, once brought to the accident site, would analyze brain functionality, providing crucial data to mitigate the risk of coma.
- With a customizable frequency setting, the project focused on delivering affordable solutions for improved patient outcomes

PERSONAL TRAITS

- Passion for constant improvement.
- Having strong ability to take sound decision.
- Accuracy and Attention to details.
- Strong at designing the prototype of a problem.

INTERESTS

- Playing Chess
- Reading Books
- Cooking
- Dance

VOLUNTEER EXPERIENCE

- Achieved first prize in district level essay writing and debut competitions.
- Successfully completed the Database Management System certification.
- Attended for Communication workshop in Nandi Foundation.
- Volunteering and organized a team in VIGNAN MAHOTSAV fest - 2022.
- Active citizen and participated in Janaganamana Campaign.

LANGUAGE COMPETENCIES

Telugu: Native language

English: Fluent (Speaking, Reading, Writing)

Hindi: Fluent (Speaking, Reading , Writing)
