

ANANTHA PRAHLADA KURUDI

Hayward, CA • +1 510-314-1834 • prahladakurudi.7@gmail.com • <https://www.linkedin.com/in/prahladakurudi7/>

PROFLE SUMMARY: Business Analytics student with over a year hands-on experience in Data Analysis, Application Development, and Process Optimization solutions. Proficient in collecting and analyzing data and documenting business requirements with the ability to work collaboratively with cross functional teams to achieve desired goals.

TECHNICAL SKILLS:

Languages: Python, Java, C, JavaScript, PHP, HTML, CSS,

Frameworks: CRISP-DM, SEMMA, Agile Analytics, DMN, Six Sigma, ABC.

Tools: MySQL, Tableau, MS Excel, Power BI, Google Analytics AWS, Git, Adobe Suite.

EDUCATION:

Masters of Science in Business Analytics at California State University, East Bay. (GPA: 3.47)

08/2023 – 05/2025

Bachelors of Science in Computer Science at Amrita Vishwa Vidyapeetham, Bengaluru, India. (GPA: 3.0)

06/2018 – 06/2022

PROJECT EXPERIENCE:

- **BOTNET ATTACKS DETECTION USING IOT (2022)** *Python, Spark*
Implemented and deployed a botnet attacks detection system which will detect and prevent the Botnet Attacks using IOT by using big data technology and ensemble learning models.
- **SPEECH EMOTION RECOGNITION ML (2021)** *React, Python, Keras, Spark*
Built a speech recognition system based on emotions using **NLP** and **ML** techniques and designed an intuitive user interface with around 91.34% accuracy.
- **NUMBER PLATE DETECTION SYSTEM USING NUERAL NETWORKS** *OpenCV, Tensorflow, Pytorch*
Built a system that can detect number plates in real time using Deep Learning Models based on image processing technology.
- **FORECASTING BAY AREA HOUSING MARKET WITH TECH GROWTH AND ECONOMIC INDICATORS.**
Built a regression model using all the predictors to predict price on solid data, did exploratory analysis on data and grouped neighboring cities together to avoid overfitting.

WORK EXPERIENCE:

- **PAROVA TECHNOLOGIES, BENGALURU. (2022-23)** – Worked as an Associate Business Analyst while approaching challenges with a strategic and analytical mindset, delivering effective solutions and processing optimization for increased efficiency and productivity.
- **COGNIZANT TECHNOLOGIES. (2022-23)** – Worked as a Programmer Analyst Trainee associating with Team Support Projects and collaborating with diverse cross-functional teams.

CERTIFICATIONS:

- **Fundamentals of Digital Marketing – Google Certified**
- **Google Digital Analytics – Google Certified**
- **Agile Methodologies Certification – Cognizant Certified**
- **Built a Face Recognition App at ALL INDIA Hackathon by GUVI Technologies.**

COMPETITIVE EXAMINATIONS:

- **GRE – Verbal Reasoning – 156, Quantitative Reasoning – 167, Analytical Writing – 3.5**
- **IELTS BAND – 7.5**
