

Lata Yadav

#407, 3060 Marshall Avenue, Cincinnati, Ohio 45220

513.888.2523 yadavla@mail.uc.edu

OBJECTIVE

To augment my software developer skills in an opportunity specifically dealing with designing and developing software

EDUCATION

University of Cincinnati, Ohio, USA

Masters of Engineering (**Computer Science**)

GPA: 3.6

[May 2016]

Maharishi Dayanand University, Faridabad, India

Bachelor of Technology (**Information Technology**)

1st class

[August 2012]

SOFTWARE INDUSTRY EXPERIENCE

System Engineer

[March 2013-August 2015]

Passport Seva Project -*Tata Consultancy Services*, India

- Designed and developed online website in advance java (www.passportindia.com)
- Specialized in designing/uploading e-forms, including appointments and payment logic to a website, maintaining track of application status
- Handled related database management, release & deployment works
- Implemented W3C guidelines and screen reader access features

Software Developer

Internship -*Unimax Telecom Pvt Ltd*, India

[June 2011- July 2011]

- Training under project “Exam suite in core java”

RELEVANT PROJECTS/ COURSES

Master of Engineering Projects

[September 2015-December 2015]

- Implemented Letter Recognition System in MATLAB with help of artificial neural networks.
- Comparison and quality analysis over “Testing via 9 different testing automation tools” (https://github.uc.edu/yadavla/shaw_eece6032)
- Designing and development of 3D model of a classroom in WebGL

Bachelor of Technology Project

[December 2010-May 2011]

- Designed “Replica: Microprocessor 8085 kit” - with a user friendly interface for execution of machine instructions and LED interface for displaying output (C# language, .Net Framework)

NIIT Java Course

[May 2010-July 2010]

- Completed NIIT Sun Educational services java course by designing “Bank Account Management System”

COMPUTER SKILLS

Languages:

Advanced & Core Java, SQL, HTML, JavaScript/JQuery, JSP, WebGL

Software and Tools:

MATLAB, Adobe LiveCycle Designer, NVDA screen reader tool, SONAR code quality analysis tool, Eclemma code coverage tool

Language Frameworks:

Struts, spring, log4j, JUnit, Selenium, .Net Framework

Software Configuration:

Tortoise SVN, GitHub, IBM WAS

LEADERSHIP & INVOLVMENT

Team Lead: Training at Tata Consultancy Services

[March 2013-June 2013]

Volunteer Teacher: (Mathematics & Computers) at Educate Rural India Campaign [Sep 2012- Feb 2013]
