IT Specialist

Technical Support | Cybersecurity Awareness | Software Troubleshooting

Currently building on IT support experience to transition into a specialist role with a focus on systems administration and cybersecurity. Pursuing hands-on learning, certifications, and project work to advance beyond help desk responsibilities and grow into a more technical position.

TECHNOLOGY PROFICIENCIES

Ticketing: Service Now, Jira Service Desk, ServiceDesk
Software: POS Systems, Active Directory, Office 365, Outlook, Salesforce, Oracle, Citrix, Slack
Browsers: Google Chrome, Microsoft Edge, Mozilla Firefox, Safari
Networking: WAN/LAN, Mesh Wi-Fi Network Systems, DHCP, VPN, DNS, TCP/IP, VoIP Systems
Platforms: Windows 10 Enterprise, Windows 11, macOS, Android, iOS, Chrome OS, MobileIron

WORK EXPERIENCE

CITY OF SPRINGFIELD

6/2025 – Present

Computer Technician

Provided technical support across multiple city departments, troubleshooting a wide range of hardware, software, and network issues. Worked extensively with police mobile data terminals (MDTs) and other in-vehicle equipment to ensure reliable operation in the field.

Key Contributions:

- Collaborated with the cybersecurity team to design and deploy simulated phishing campaigns for employee security awareness training.
- Maintained and repaired police mobile data terminals (MDTs) and in-vehicle technology to ensure reliable field operations.

ALDI, Aurora, IL

5/2024 – 6/2025

IT Service Desk Agent

Provided expertise in diagnosing and resolving hardware, software, and network issues while maintaining a strong commitment to customer service excellence. Skilled in managing support tickets, providing clear and effective communication, and contributing to IT process improvements.

Key Contributions:

- Maintained detailed and accurate records of all support interactions and resolutions using ServiceNow.
- Diagnosed and resolved a wide range of technical issues, including operating system malfunctions, application errors, and network connectivity problems.

CENTER FOR INTERNET SECURITY, Albany, NY

5/2023 – 5/2024

Elections Services Intern

I undertook several responsibilities critical to the smooth operation of electoral processes. I took charge of managing members' information, ensuring its up-to-date status in the Salesforce system.

Key Contributions:

- Identified and reported duplicates and glitches within the Salesforce application, ensuring data accuracy and system integrity.
 - Played a key role in a cybersecurity initiative aimed at supporting underserved counties' election cyber services. Conducted research to identify and compile contact information for stakeholders.
-

EDUCATION & CREDENTIALS

Bachelors of Science

Information Technology Cybersecurity
MISSOURI STATE UNIVERSITY, Springfield, MO
8/2020 - 12/2023
