PROFESSIONAL EXPERIENCE

Michigan State University Federal Credit Union

East Lansing, MI

Software Developer

August 2024 – December 2024

- Collaborated with cross-functional teams to gather business requirements and deliver a secure biometric locker system that reduced member wait times by 35%.
- Created documentation for workflows, system logic, and implementation plans to guide training and onboarding processes.
- Quantified cost impact of system deployment, estimating \$18K+ in annual savings and 80+ hours of staff training saved per branch.
- Delivered insights and recommendations to C-suite, aligning solution impact with member experience KPIs.

CODiT Technologies

Detroit, MI

Project Management Intern

May 2024 – July 2024

- Analyzed UX friction and user behavior across 5 digital platforms, providing data-driven insights that supported a 45% increase in client revenue.
- Supported business process documentation and contributed to workflow redesigns that improved platform performance.
- Participated in sprint planning, UAT testing, and cross-functional strategy sessions, delivering user story briefs and product feedback to technical leads.
- Developed and presented dashboard-style performance summaries to stakeholders, helping visualize platform KPIs and next-step decisions.

Aventura Adamo

Rancho Cucamonga, CA

Software Developer Intern

July 2024 – August 2024

- Built an automated equity dashboard integrating real-time APIs to support early-stage investment decisions; reduced manual research time by 80%.
- Collaborated with the founder to define product scope, analyze user needs, and iterate feature delivery under ambiguous specs.
- Synthesized usage trends into actionable insights that informed product demo narratives and investor readiness strategies.

LEADERSHIP AND EXTRACURRICULAR EXPERIENCE

Tower Guard (Top 5% of incoming freshmen selected)

East Lansing, MI

Service & Outreach Lead

April 2021 – September 2023

- Directed over 30 student volunteers across 10+ events, raising \$12K+ to fund assistive technologies for students with disabilities.
- Partnered with MSU's RCPD to present accessibility recommendations that informed campus-wide policy changes.
- Developed and led support programs that improved academic outcomes for 6+ underserved students.

NASA ProjectRED

East Lansing, MI

Mission Operations Analyst

January 2024 – March 2024

- Modeled delayed-response operations to improve astronaut workflow accuracy under communication lag.
- Compiled findings into a cross-agency brief and delivered strategic insights that improved coordination by 25%.
